

This is for all Veterans, National Guard, Reserves and Active-Duty Service Members:

That Uniform and your Service is more than a job, more than a paycheck, more than benefits, and more than just a pat on the back and “thank you for your service.”

That Uniform and the meaning behind the service is Life and Death. Those who have taken the Ultimate Sacrifice in that Uniform should always be in your thought process when you put it on, where you wear it, and how you’re wearing it.

The Military and War Articles (Military Law) was founded first in our Nation before the Declaration of Independence, the Articles of Confederation, the Constitution, and the Bill of Rights.

Our Founders made that precedent. The Revolutionary War and that Foundation makes everything from that point forward different from the wars and governments before.

Our Founders created the Military to prevent war, not to start them.

That Uniform and Service does not mean anything if you do not understand WHY you’re serving.

Last I checked... when I swore in... it never mentioned anything about the uniform, years of service, medical, dental, GI Bill, salaries, retirement, benefits.

Oath of Enlistment:

“I, Derek Johnson, do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; and that I will obey the orders of the President of the United States and the orders of the officers appointed over me, according to Regulation and the Uniform Code of Military Justice. So help me God.” Title 10 US Code.

Do you see any of those privileges above listed in there?

I see the Constitution...

And bearing TRUE FAITH and ALLEGIANCE to it...

And obeying the Orders of the President...

According to REGULATIONS and the UCMJ which is Military Law...

Amazing ain’t it?

Title 10.

It’s one thing when lower enlisted do not know anything about the History and Foundation of their Branch, but it’s worse they do not know much about the History and

Foundation of this Nation, plus that Military Laws, Orders, Regulations, etc. are separate from Civil.

And it’s even WORSE that we have Officers in the Military who do not know Laws, Orders, Regulations, Acts, Statutes, Codes, in both sectors much less one.

That Uniform means nothing if you do not understand the Oath you took and why.

Simply being in Uniform does NOT make you know Laws, Orders, Regulations, Acts, Statutes, Codes, Optics, Comms, no more than standing in a garage makes one a car.

And for the record... all of this “Freedom of Expression” needs to be cleared as well. Everyone wants their Free Speech but do not understand something vital to the Foundation and where it derived.

Same Founders who created Military and Government... and to think that just 12 years after the Bill of Rights passage, December 15, 1791, in 1803... Marbury versus Madison was having to clarify what a Law was.

No wonder America looks the way it does in 2023... TWELVE years after the Bill of Rights, 16 years after the Constitution, 26 years after the Articles of Confederation, 27 years after the Declaration of Independence, and 28 years after the Military Foundation...

James Madison was having to defend what a LAW looks like.

“Any Statute that BEARS the appearance of a Law that does not support the Constitution is NULL and VOID.”

So, if MY Freedom of Speech backs the Constitution, our Foundation, our History, our Founders, and yours does not... yours is NULL and VOID.

That’s how that works.

And since we are a Nation of Laws and Orders that support a Government System we created... we must keep and maintain the responsibilities of that system in place.

That’s what this Operation and Continuation of Government is all about. Cleaning out a corrupt and vile system that PEOPLE let falter and falter through the years... by getting soft and woke.

Our Military Generals and others aboard this Operation knew Americans wouldn’t fight for it. Hell, Americans don’t even know who the enemy is.

“Our gravest threats are not abroad, their within.” – CIC Trump, November 15, 2022.

“We’re cleaning out the festering rot of D.C.” – CIC Trump, November 15, 2022.

“We have it all.”

"We've caught them all."

Bossman said it. Who is we? = Military Intelligence and JAG.

They knew based on History.

See, if one doesn't read or know history, how will they know it's repeating, good or bad?

History shows only 1.7% on average each year of the 2.7 million US Population of the 9 years, fought during the Revolutionary War. Just a tad bit over where we are now with less than 1% serving in all Armed Forces branches.

Everything has been displayed to you, right in front of you, all laid out in Laws and Orders, and I've got a Blueprint that can help you piece the pieces together... if you'll shut up long enough, remove your "opinions" and your attitudes of what you thought you knew and read what governs our land.

Nothing of which is happening is bad at all. Everything is in full accordance with the Laws and Orders that support the Constitution.

As a United States Veteran, such as I, you should want to know what's going on and continue your Oath and your service beyond service.

If you're National Guard, Reserve, or Active-Duty... it's your duty and responsibility on top of your Oath and call to service.

There are no excuses for not knowing.

This Operation and Continuation of Government all have open source Laws, Orders, Statutes, Acts, Codes, Optics, Comms.

No one can make you read. And no one can make you understand.

But to ignore, refuse to read and understand, or say this isn't true or happening, will only lead to the exposure of your lack of intelligence, knowledge, and reflect on your service.

Your choice.

But let me go ahead and rain on your parade... for those who pop attitudes and pull the whole "I served 10, 15, 20, 30 years" and the chest candy circus...

There are only 3 things that debunk laws and orders... but first...

The lists of things do NOT debunk Laws and Orders:

1. Opinions
2. Perspectives

3. Cussing
4. Fussing
5. Arguing
6. Ridiculing
7. Mocking
8. Laughing
9. Joking
10. Crying
11. Complaining
12. Griping
13. Groaning
14. Gossip
15. Drama
16. Jealousy
17. Hatred
18. Self-entitlement
19. Slandering
20. Defaming
21. Keyboard Warriors

There are 3 things that change Laws and Orders:

1. Rescinding
2. Revision
3. Revoking

No one has yet to show via Laws and Orders from both Military and Federal Sectors that "debunk" me, why?

One, this isn't about 'debunking' me. That's the first error. Those who make this about "Derek Johnson is right or wrong" is the problem.

This isn't about me period. This is about what governs our land. Those are Laws and Orders. I've taken the Laws and Orders that are different than any other time in History that separate the Federal Corporation RINOs and their agenda and show the line in the sand where the Military stepped in via Laws and Orders and changed the narrative.

Two, because there are not any Laws and Orders that rescind, revise, or revoke the current and active leading this massive and brilliant Military Operation and Continuity of Government.

You don't have to like it... but that's not my problem. That's a problem you'll have to deal with.

There's nothing in the world that has stopped, will stop, or can stop what's happening... it's been under way for 7 years right in front of everyone. I'm simply taking Laws and Orders I didn't write or pass and interpreting them.

I'm simply following the instructions of God who gave me the platform with the ability to retain so much information, put it in as much chronological order along with multi-tasking the vast layers that parallel segments of Military and Federal for the everyday, common, American who does not have a law degree as I do not, but have a brain and know how to use and apply it.

Knowledge is NOT power. It's the application that's power. I've got a simple and easy Blueprint that outlines how Donald John Trump is still Commander-in-Chief by Laws, Orders, Regulations, Statutes, Acts, Codes, from both Military and Federal Sectors.

Don't be all Oorah, Hooyah, Hooah, and no Brains.

Don't be all Uniform and no Brains.

Don't be all Resume and no Brains.

Don't be all Benefits and no Brain.

Don't be all Uniform and no Service.
Don't be all Service and no Brains.

Now... let's get to the beef.

Here's the short Blueprint:

Law of War Manual – 2015

Donald John Trump escalator – 2015

Military Justice Act – 2016

Federal Continuity Directive 1 and 2 – 2017

9 National Emergencies / 7 in Executive Orders – December 2017 to March 2020

Federalization of National Guard – March 2020

That simple short list is all one needs to expand from as I do below.

This is a short, long Blueprint with Questions in Answer forms:

Explain to me why Military and Federal Lawyers wrote a brand-new Law of War Manual in June 2015 comprised of the Law of War Manuals from the United Kingdom, Germany, Canada, and Australia, plus taking the strengths from the Lieber Code 1863, Hague Conventions, Nuremberg Trials, and Geneva Conventions, signed on June 12, 2015?

Law of War Manual:

<https://dod.defense.gov/Portals/1/Documents/pubs/DoD%20Law%20of%20War%20Manual%20-%20June%202015%20Updated%20Dec%202016.pdf?ver=2016-12-13-172036-190>

Explain to me why the Supreme Court clarified in the Military Justice Act of 2016 that all things Military supersedes all things Civil? Why they clarified Military Courts supersedes Civil Courts? And why Military Personnel are separate from Civil?

The Military Justice Act of 2016:

<https://crsreports.congress.gov/product/pdf/R/R46503#:~:text=A%20number%20of%20concerns%20relating,to%20trial%20by%20court%20martial>.

Tell me what the odds of Donald John Trump rolling down escalator on June 16, 2015, four days after the signing of the Law of War Manual and a year before the Military Justice Act?

How come after 241 years of the Military's founding, the Supreme Court is clarifying in the first piece of documentation, that Military Laws and Courts are separate from Civil Laws and Courts. And that Military personnel are separate from Civil personnel?

Tell me the odds three days before Bossman Trump took office, the Federal Continuity Directive 1 was signed January 17, 2017? Which is Plan 1 of the Continuity of Government with chapters of Devolution and Reconstitution.

Federal Continuity Directive 1 aka Continuity of Government (COG):

Let's look at Section H alone:

Page H-1:

ANNEX H: HUMAN RESOURCES

An organization's personnel are its most valuable resource. Choosing the right personnel to staff an organization's continuity team is critical. Continuity team personnel include executive and senior leadership, staff with the technical expertise, and those that perform, conduct, or support continuity operations and essential functions. The ERG is comprised of primary and alternate staff who relocate during a continuity event, while the DERG is comprised of alternate individuals geographically dispersed from the primary site. Both groups perform, or ensure the performance of, the organization's essential functions and other continuity operations.

Now let's just prove how DJT is still CIC taking my Blueprint of Laws and Orders, then this is a direct dive into Federal Continuity Directive Plan 1:

Meet the mandatory Continuity of Operations (COOP) planning requirements prescribed by the following documents currently in circulation:

(1) Presidential Policy Directive (PPD) 40, National Continuity Policy, dated July 15, 2016.

(2) Executive Order 12656, Assignment of Emergency Preparedness Responsibilities, dated November 18, 1988, as amended.

(3) Executive Order 13618, Assignment of National Security and Emergency Preparedness Communications Functions, dated July 6, 2012.

(4) Federal Continuity Directive 1 (FCD-1), Federal Executive Branch National Continuity Program and Requirements, dated January 17, 2017.

(5) FCD-2, Federal Executive Branch Mission Essential Functions and Candidate Primary Mission Essential Functions Identification and Submission Process, dated June 13, 2017.

(6) Office of Science and Technology Policy/Office of Management and Budget Directive 16-1, (OSTP/OMB D-16-1), Minimum Requirements for Federal Executive Branch Continuity Communications Capabilities, dated December 15, 2016.

(7) Federal Mission Resilience Strategy (FMRS), December 7, 2020.

(8) Executive Order 13961, Governance and Integration of Federal Mission Resilience, December 7, 2020.

Who passed the Federal Mission Resilience Strategy?

It's all that simple. It's a Military Operation which requires a Continuity of Government where the Military and our Allies can operate effectively and efficiently while performing multiple layers and different kinds of missions as well as all these phases that had to be set up and implemented and running effectively and efficiently as well.

Now let's look at Section J.

Very important since we have some service members who have their branch and duty confused... especially Space Force soldiers.

Section J:

3. Organizations must comply with GSA's requirement for completion and submission of GSA Standard Form 2050 (SF-2050), Reconstitution Questionnaire. a. Initial submission of SF-2050 to GSA. b. Annual review and/or resubmission of SF-2050 to GSA.

Now let's look at this:

RADIOS: All information gathered in this section will be in regards to the projected needs of the personnel projected to work at the reconstituted facility, taking into account possible future policy requirements/needs (i. e. telework). This section DOES take into account some current needs and uses.

1st box: Enter YES or NO if you currently use a HF/ALE radio?

2nd box: Enter total number of projected number of UNSECURED radios.

3rd box: Enter total number of projected number of SECURED radios.

4th box: Enter type of radio that is required.

5th box: Enter the model of radio that is required.

HF/ALE radio:

I typically do not like Wikipedia, but their write up on this system is fire:

https://en.wikipedia.org/wiki/Automatic_link_establishment

Now look at these paragraphs in particular:

Emergency / disaster relief or extraordinary situation response communications:

ALE radio communication systems for both HF regional area networks and HF interoperability communications are in service among emergency and disaster relief agencies as well as military and guard forces. Extraordinary response agencies and organizations use ALE to respond to situations in the world where conventional communications may have been temporarily overloaded or damaged. In many cases, it is in place as alternative back-channel for organizations that may have to respond to situations or scenarios involving the loss of conventional communications. Earthquakes, storms, volcanic eruptions, and power or communication infrastructure failures are

typical situations in which organizations may deem ALE necessary to operations. ALE networks are common among organizations engaged in extraordinary situation response such as: natural and man-made disasters, transportation, power, or telecommunication network failures, war, peacekeeping, or stability operations. Organizations known to use ALE for Emergency management, disaster relief, ordinary communication or extraordinary situation response include: Red Cross, FEMA, Disaster Medical Assistance Teams, NATO, Federal Bureau of Investigation, United Nations, AT&T, Civil Air Patrol, SHARES, State of California Emergency Management Agency (CalEMA), other US States' Offices of Emergency Services or Emergency Management Agencies, and Amateur Radio Emergency Service (ARES).

Amateur radio interoperability adaptations:

Amateur radio operators commonly provide local, regional, national, and international emergency / disaster relief communications.

Look at this article from November 17, 2021:

https://www.army.mil/article/252037/netcom_offers_training_for_a_timeless_technology_high_frequency_hf_radio_communications

From the article:

Both civilian and military communications networks benefit from HF technologies as the radio platform is used in a myriad of situations from natural disasters to military command and control.

ALE and HF Radio dot Gov:

Now read the last line in the summary paragraph:

Significant benefits in the form of vastly improved communications for disaster relief agencies, homeland defense, humanitarian aid agencies, regulatory agencies, and the military may be realized.

Also simultaneous to the PPD-40; let's look at the TT&E:

Thousands of pages of reading are why Americans don't believe the Military Operation and Continuation of Government; but in a Nation where everyone wants results NOW without putting in ANY work.

Why are the dates in the Federal Register say 2018 to 2022?

Why are there chapters in Plan 1 titled Devolution and Reconstitution? Click on it and read the Table of Contents.

Why is there an individual document in the Federal Register that specifically says the month of January 2021 is title Reconstitution of the EXECUTIVE Branch?

Only one of those 3 branches of Government data shows 75% of Americans cannot simply name...

Why did CIC Trump have to declare 9 National Emergencies, 7 in Executive Orders? None of which have been terminated or addressed.

Why didn't Congress have a joint resolution as prescribed by Law for National Emergencies (Stafford Act) to deal with one of those... much less 9?

Why does that same Title 10 keep reappearing?

What part of Article II of the Constitution don't you understand?

What part of that's the SAME Constitution you swore to SUPPORT AND DEFEND?

What part of that's the SAME Constitution you swore to bear TRUE faith and allegiance to the same?

What part of that's the SAME Constitution you swore to obey the orders of the President of the United States?

Why is it so difficult to understand our Founders separated powers from Government and Military?

What part of President is the Commander-in-Chief of the Military don't you understand?

What part of two separate Laws, Orders, Roles, Duties, Responsibilities don't you understand?

What part of that's the SAME Constitution you swore to obey according to Regulations and the Uniform Code of Military Justice?

What part of that's the SAME Uniform Code of Military Justice that the Law of War Manual of June 2015 was put together to strengthen for Military Leaders?

Hell, why don't the MAJORITY of Service Members and Veterans know what the Constitution says, period?

Hell, why don't the MAJORITY of Service Members and Veterans know what the Declaration of Independence says?

I mean, hell, why don't the MAJORITY of Service Members and Veterans know anything about the Foundation of Military History first?

Why wouldn't Service Members and Veterans want to know the History of the service they brag about and walk around with the chest out so boldly?

Why is it so difficult to understand that the Military can act without Congress?

Might want to read Article II of the Constitution and its sections:

Now, let's get to one of the most important Executive Orders that is a vital piece to what's going on.

Executive Order 13848.

How come Executive Order 13848 is all about Foreign Interference in Elections yet it was signed September 12, 2018, which was 2 months before ANY Election under CIC Trump?

Executive Order 13848 was signed September 12, 2018, and the first Election under CIC DJT was November 8, 2018.

How come in that same Executive Order it specifically says: "although no foreign power has changed the outcome or voter tabulation in ANY United States Election..."

How come it doesn't say no Domestic?

How come it says... "in **ANY** US Election" ... not one, two, a few, some, many...

It says none in **ANY**.

Who would know? Those headbands on January 20, 2017. Military Intelligence and JAG.

"We have it all."

"We've caught them all."

How come ALL Executive Orders with declared National Emergencies, but especially the EO 13848, were all 8 months before the Presidential Election Day, November 3, 2020?

How come 4 Star General Nakasone tweeted on November 3, 2020, "as tens of millions of people head to the polls, @US_CyberCom and @NSA.gov teams around the world are fully engaged, working hard with our partners to defend our elections. We took what we learned from 2018 and brought it to an entirely new level for #elections2020?"

Who's USCyberCom and NSA.gov?

Would that be the US Cyber Command and the National Security Agency?

Wait until you read below what the Space Force now has control of...

What did we learn from 2018 that wasn't already known in 2016? The Executive Order for Foreign Interference once again came 2 months before the first Election under Bossman Trump which would have meant the only evidence produced came from 2016 Election...

How is that so difficult to do the math on?

The Executive Order 13848 was also 2 years and 2 months before the Presidential Election.

How come it's so difficult to read an active Executive Order that says NO change of outcome via voter tabulation?

How come people keep saying the Election of 2020 was stolen while thinking it was their vote or state?

How come it's so difficult to understand NO Voter Tabulation means NOT your Vote or State?

How come it's so difficult to understand that NO Voter Tabulation means DOMESTIC from WITHIN? The Swamp / RINOs.

"Our gravest threats are not abroad, they're from within."

"We're cleaning out the festering rot of D.C."

How come so many Americans do not understand 3 United States Codes 5-7 and 2 United States Code 7 on when, where, and how we vote, plus the difference in Objections/Voter Tabulations and Contingent Elections?

How difficult is it to understand the Election 2020 is a part of the exposure and distraction?

How is that so difficult to understand Laws and Orders, Optics, Comms paint a vivid picture of so?

Why and how is that so difficult to understand?

How come CIC Trump signed Executive Order 13959 on November 12, 2020, just 9 days after the Election? Freezing the assets of those who use US Stocks and Trade to fund the Communist Chinese Party.

How come CIC Trump signed the Federal Resilience Act on December 7, 2020?

How come January 2021 in the Federal Registry has its own listing titled Reconstitution?

How come Americans cannot see January 6, 2021, was a distraction also a part of the Military Operation and Continuation of Government?

Explain to me why Nancy Pelosi is even being asked about the National Guard of D.C. when Regulations specifically outline the National Guard of D.C. are under DIRECT order of the President?

Explain to me why our Founders created and established a Chain of Command and Military separate from Government... when Nancy was on National TV and News saying, "the National Guard of D.C. should be under the same authority as a state?"

Explain to me since when do 2,000-pound Rotunda doors, that open from the inside, from the most guarded place on the planet, get pushed in by mediocre size and non-trained nimwits who didn't adhere to keep it peaceful or go home?

How did those people not know they're in a Foreign Territory? Perhaps because they know nothing about their Country, Foundation, and History?

How come National Guard came from other states to D.C., which is not a city nor a state, it's a Foreign Territory to the Military which equals Deployment status?

Explain why Nancy Pelosi has admitted she didn't request the National Guard for January 6 or Inauguration... and no one is applying she did not have the authority to request in the first place?

Why is it so difficult to read Regulations of the National Guard of D.C. which specifically says they're under direct command of the President?

How come other states were called there when D.C. have their own National Guard?

How come so many Americans cannot see this brilliant distraction?

How come so many Americans do not know what January 6 is in the Constitution?

How come so many Americans do not know about Electoral Counting?

How come so many Americans do not know the process of Objections in the Electoral Counting?

How come so many Americans do not know the Objections are outlined in the Constitution?

Counting Electoral Votes:

<https://crsreports.congress.gov/product/pdf/RL/RL3271712>

January 6th, 2021, proves MORE than anything the Military Occupancy Covert Planned Operation, because at the point Arizona, the third state up to cast their vote, as Alabama and Alaska were the only states to successfully count their Electors... there were objections in which is when the "insurrection" happened during the Arizona count.

When the Objection happened, this was supposed to happen:

"Objecting to the Counting of One or More Electoral Votes Provisions in 3 U.S.C. §15 include a procedure for making and acting on objections to the counting of one or more of the electoral votes from a state or the District of Columbia. When the certificate or equivalent paper from each state (or the District of Columbia) is read, "the President of the Senate shall call for objections, if any." Any such objection must be presented in writing and must be signed by at least one Senator and one Representative. The objection "shall state clearly and concisely, and without argument, the ground thereof...." During the joint session of January 6, 2001, the presiding officer intervened on several occasions to halt attempts to make speeches under the guise of offering an objection. When an objection, properly made in writing and endorsed by at least one Senator and one Representative, is received, each house is to meet and consider it separately. The statute states that "[n]o votes or papers from any other State shall be acted upon until the objections previously made to the votes or papers from any State shall have been finally disposed of." However, in 1873, before enactment of the law now in force, the joint session agreed, without objection and for reasons of convenience, to entertain objections with regard to two or more states before the houses met separately on any of them."

That did NOT happen for a reason. All part of the exposure of the RINOs.

House Speaker, Nancy Pelosi, ignored the Objections and continued counting. All of which broke:

Explain to me why this simple process defined in our Constitution is foreign to Americans, Veterans, and Soldiers sworn in under the same Constitution?

Explain why it's so hard to apply who was the President January 6 and 17, 2021?

How come the New York Times wrote a bias article, yet told on themselves in a different way, "Trump has powers we aren't allowed to know about." Which is false. All powers are written in the Constitution and Laws and Orders.

Why it's so hard to understand the ONLY person who can Federalize the National Guard to Active-Duty is the President of the United States which is in 10 United States Code 12406?

Since when were 30,000 other plus soldiers called to D.C. for an "Inauguration" when 98% of the population were under "quarantine" orders and there wasn't the typical million in viewership?

Since when was a high fence placed around Capitol Building for an "Inauguration" yet has been up since January 2021?

Since when does the National Guard deploy to an "Inauguration" and occupy two months later?

Since when do National Guard on ORDERS show up with unsquared and out of regulation uniforms and equipment?

CBS has the best pictures on January 20, 2021, along with my documents:

<https://www.cbsnews.com/pictures/inauguration-2021-joe-biden-kamala-harris/53/>

A Marine wearing BDU's...? Marines haven't worn BDU's since 2005.

The "National Guard" are wearing too crisp clean of uniforms in one picture and in another picture there's a soldier wearing Multicam Uniform, with ACU Kevlar vest, non-regulation gloves with a Flag on them, gear on the Kevlar is all jacked up, the rank is all jacked up, and wearing the same unit patch on both arms.

The Marine Band is different and on their official site, there's no Inauguration footage.

The National Guard when the "Biden Motorcade" rolled by had their backs turned to it.

How come we have Veterans telling their spouses, family, and friends "they were guarding the President?"

Not only were they NOT guarding... not their role or duty... they also did not salute the Flag or Motorcade...

How come there were two different skies, cloudy and sunshine, on multiple notable media videos?

How come Amazing Grace was sung at the "Inauguration?"

How come "Biden" didn't touch the Wreath at the Tomb of the Unknown Soldier?

How come there's a soldier missing a Patrol Cap standing next to others with theirs?

How come it was set up and carried out as a Funeral?

There's a lot more found in my documents.

Explain to me how it's so difficult to understand 47 United States Code 606 actually and literally titled "War Powers of the President" and specifically says the President can shut down TV, Broadcasts, Communications and Government Use of Facilities? Also, part of the Telecommunications Act of 1996.

Why is it so difficult for Americans to see a fence going around a building, never done before, which replicates "Closing of a Government Facility" and not apply 47 US Code 606 where it's specifically outlined?

Explain to me how it's so difficult to understand what that entails when 47 US Code 606 is direct and specific and literally called "War Powers of the President?"

How come a fence went around the Federal Reserve in late 2022?

Explain to me how it's so difficult to understand who COMMANDED the Orders to Federalize the National Guard to Active-Duty?

Why do we have so many Soldiers and Veterans who worked in the environment of a Chain of Command, but do not understand the same Chain of Command is conducting this Operation and COG?

How come we have so many Soldiers and Veterans who say Governors have control of their National Guard and the Governors commanded their troops in January 2021?

How come those same Veterans and Soldiers cannot do simple Mississippi Logic... that the National Guard of the states called up left their state boundary, crossed multiple states, and went into a Foreign Territory as defined by Law?

How come a Veteran shows another Veteran or Service Member the Laws and Regulations that Governors have control of their National Guard for State Emergencies only... even though that's already gone through a process of the Chain of Command

with the Military sector because Governors wouldn't have time to go through that process for Hurricanes, Tornadoes, Floods, and Violence... it's already checked off by the COC and CIC for such times?

How come so many Soldiers and Veterans do not know 10 United States Code 12406?

How come so many Soldiers and Veterans do not know the President is the ONLY who can FEDERALIZE the National Guard to Active-Duty via 10 United States Code 12406?

10 US Code 12406:

<https://www.govinfo.gov/content/pkg/USCODE-2021-title10/pdf/USCODE-2021-title10-subtitleE-partII-chap1211-sec12406.pdf>

§ 12406: Currently authorizes the President to call National Guard units into federal service in the event:

(1) U.S. territory "is invaded or is in danger of invasion by a foreign nation[;]" (2) there is a "rebellion or danger of rebellion[;]" or (3) the President is unable with the regular forces to execute the laws.

How come it's so hard to understand the only person who's Federalized the National Guard to Active-Duty is Donald John Trump with 10 US Code 12406 and published here:

10 US Code 1209:

<https://uscode.house.gov/view.xhtml?path=/prelim@title10/subtitleE/part2/chapter1209&edition=prelim>

It's only under the same Title 10 every Soldier has sworn in under.

How is it so difficult to understand the way you know is the National Guard have been out of their states and the Country EVERY SINGLE DAY since they were Federalized?

Here's the BIGGIE:

Explain to me why Biden has extended that VERY order twice, in 2021 and 2022?

The ORDER specifically says 1,000,000 Reserves for no more than 24 consecutive months. When the EO was signed... it was set to expire in March 2022, ole "Biden" even extended it in March 2021 (LOL), and it was extended in March 2022... which now means 2024.

Explain to me why the Federal Continuity Directive 2 and Executive Order 13912 are in unison on their timelines... completion in 2024 and extended to mid-2024?

Why is it so hard to understand Donald John Trump declared those National Emergencies?

Why does 50 United States Code 34 say 'when there's no joint resolution by Congress to address the National Emergency, the only person who can terminate a National Emergency is the President?'

50 United States Code 34:

[https://uscode.house.gov/view.xhtml?path=/prelim@title50/chapter34&edition=prelim#:~:text=\(a\)%20With%20respect%20to%20Acts,published%20in%20the%20Federal%20Register.](https://uscode.house.gov/view.xhtml?path=/prelim@title50/chapter34&edition=prelim#:~:text=(a)%20With%20respect%20to%20Acts,published%20in%20the%20Federal%20Register.)

Section 1622 specifically says:

Any national emergency declared by the President in accordance with this subchapter shall terminate if—

- (1) there is enacted into law a joint resolution terminating the emergency; or
- (2) the President issues a proclamation terminating the emergency.

There's been no joint resolution hence "Biden" extending all of those National Emergencies.

"Biden" cannot terminate the National Emergencies because he didn't declare them.

And here's even MORE the BIGGIE:

Now explain to me why "Biden" has extended EVERY single Executive Order where Donald John Trump declared a National Emergency?

On December 12, 2022, ole "Biden" literally JUST extended it.

Why would "Biden" extend ALL of those Executive Orders plus the EO that Federalized the National Guard to Active-Duty in which they NG have been out of their states and country every single day since then and the Coast Guard and Navy on each other's

bases... and why are there 2 Federal Continuity Plans registered in the Federal Register that are active aka Continuation of Government?

Why is it so hard to understand since the Orders have NOT been rescinded, revised or revoked, yet all extended?

Why is that so difficult to understand those are still ACTIVE Orders?

Why is that so difficult to understand the National Guard are operating on THOSE Orders?

Why is it so difficult to understand the person who gave the Orders is the one who gets to terminate those and address the Nation as prescribed by Law?

Really, again, why is it so difficult to understand Article II of the Constitution which specifies the role of the Commander-in-Chief?

Perhaps because 75% of Americans cannot simply name the 3 Branches of Government?

So, how will they know about the First War Powers Act?

And the speech of FDR on December 8, 1941?

Why are the countries from the Law of War Manuals that made up the new Department of Defense Law of War Manual 2015, are in and out of the United States weekly since January 2021?

Why are the countries from the Abraham Accords in and out as well?

Why did Prime Minister Netanyahu and French President Macron meet February 1, 2023, to EXPAND those?

Who established the Abraham Accords again? #45

Why do we have so many Veterans who do not know these Military Laws and Orders yet want to mislead and misguide so many people with ignorant comments?

Perhaps they feel guilty for serving and never knew they served under two separate Laws and Orders?

What's so hard about understanding History? Perhaps because you do not know anything about it?

Why did the United States protect by Laws and Orders the President of the Philippines during World War II in what's known as the Commonwealth Act #671?

How come they used a puppet as visual President for press purposes, but the actual President was in Exile with full control of his Military and protection of his people?

How come the "Biden Administration" built a replica of the James S. Brady Press Room?

How come it's so difficult to read FAA Regulations that D.C. has a 33 mile no fly-zone radius around the city much less the White House and Capitol Building?

How come an aircraft flew right over a live press conference in April 2021?

An aircraft reported as an F-35 Raptor flying directly over the press conference? In April 2021? LOL

Now, let's get to HOW Donald John Trump is Commander-in-Chief of a Military Operation and Continuity of Government from the Military side.

How come ALL Branches of the Military do not recognize "Biden" as President or Commander-in-Chief?

We're not talking about Wikipedia pages, Government websites, and the Media, who are all operating under the Operation but more specifically the Continuity of Government hence the name... plus Laws, Orders, Codes...

If you cannot visually see the Biden from Senate and VP LOOKS polar opposite than the "Biden" they're showing you... you need to go to the VA ASAP and claim yo' blind eyes.

Why did CIC Trump sign Executive Order 13919? The EO gives the Secretary of Defense the authority to call into active-duty Reserve Components for no more than 365 *consecutive* days.

And why in Executive Order 13963, did CIC Trump change the Order of Succession in the Department of Defense? 18 bullet points

Executive Order 13963:

<https://www.federalregister.gov/documents/2020/12/15/2020-27739/providing-an-order-of-succession-within-the-department-of-defense>

Why does the Department of Defense have short definitions of each Branch and their roles?

Why does it specifically say that the Coast Guard is a Department of Homeland Security during peacetime and operates under the Navy during times of war?

Why do Veterans argue this after seeing and reading straight up Regulations defined by the Department of Defense?

About Our Forces:

<https://www.defense.gov/About/our-forces/>

Proof we're in a war?

Why have two United States Navy Maritime Helicopter Strike Squadrons from San Diego, California, been stationed since January 2021 in Mobile, Alabama, and Miami, Florida?

Let's look at **Executive Order 13919**:

<https://www.govinfo.gov/content/pkg/DCPD-202000314/pdf/DCPD-202000314.pdf>

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 12304 of title 10, United States Code, and having determined that it is necessary to augment the regular Armed Forces of the United States for a named operational mission, specifically the "Enhanced Department of Defense Counternarcotic Operation in the Western Hemisphere," I hereby order as follows:

"This authority is necessary to ensure the Department of Defense can properly conduct operations required to meet our evolving security challenges."

Trump said the United States will be working with 22 partner nations to in an attempt to stop cartels in the Caribbean.

Notice in the Hill's write up... it said only for a year. Which is NOT what EO 13919 says:

Executive Order 13919 Federal Register version:

<https://www.federalregister.gov/documents/2020/05/04/2020-09645/ordering-the-selected-reserve-of-the-armed-forces-to-active-duty>

Section 1. Activation Authority. The Secretary of Defense is directed to order to active duty for not more than 365 consecutive days, any units, and any individual members not assigned to a unit organized to serve as a unit, of the Selected Reserve under the jurisdiction of the Secretary of Defense, not to exceed 200 Selected Reservists at any one time, as he considers necessary.

Notice the keywords: Western Hemisphere.

What two words are in the Executive Order 13919? Western Hemisphere.

Navy rewarded by Coast Guard:

"The Gold Crew of expeditionary mobile base Hershel "Woody" Williams, which helped conduct the bust in April off the west coast of Africa, was recognized with the Coast Guard decoration at a ceremony Aug. 22."

Answered right in front of you... "it's not often" - Coast Guard and Navy

And why did CIC Trump change the Order of Succession in the Department of Defense in Executive Order 13963?

Drug Bust 2023:

<https://www.navy.mil/Press-Office/News-Stories/Article/3282826/us-international-forces-seize-illegal-drugs-in-gulf-of-oman/>

Aren't they the United STATES COAST Guard for a reason as defined by the Department of Defense for Homeland Security?

But they operate under the Navy during War Time and here they are in the Gulf of Oman? Oman... someone has some splainin' to do.

Why has "Biden" never mentioned the words Space Force?

Why is his newest "Press Secretary" on record in a "press conference" being asked about the Space Force replying: "we invite them to come over anytime" when that's not remotely how the Military operates with its COMMANDER-IN-CHIEF?

Didn't Donald John Trump establish the Space Force as the 6th Military Branch of Service on December 20, 2019?

How come it's so difficult to apply the Space Force as a Department of the Air Force?

Explain why it's so difficult for anyone, but more importantly Veterans, to understand that those two apply to one another?

Explain to me why it's so difficult to understand the Marines are a Department of the Navy?

Explain to me why the Army and the Navy transferred ALL COMMUNICATIONS to the Space Force in August and December 2022?

The Space Force has Cyberspace Officers... last I checked the definition of Cyberspace is "the notional environment in which communication over computer networks occurs."

What kind of world do we live in again?

Now pair that with the MARS system and the Army and Navy transferring ALL communications to the Space Force.

What part of ALL communications is difficult to understand?

If the Army and Navy transfer ALL COMMUNICATIONS to the Space Force... and the Marines are a Department of the Navy... the Coast Guard during times of war operate under the Navy, the Space Force is a Department of the Air Force...

And ALL COMMUNICATIONS were transferred to the Space Force under ONE command... how can one not understand who has the command and control?

What part of ALL COMMUNICATIONS does one not understand?

Now let's look back at Article II of the Constitution...

"The President shall be Commander in Chief of the Army and Navy of the United States, and of the Militia of the several States, when called into the actual Service of the United States; he may require the Opinion, in writing, of the principal Officer in each of the executive Departments, upon any Subject relating to the Duties of their respective

Offices, and he shall have Power to grant Reprieves and Pardons for Offences against the United States, except in Cases of Impeachment."

Commander-in-Chief of the Army and Navy of the United States...

The Coast Guard's operating with the Navy right now all over the World...

The Marines are a Department of the Navy...

The Space Force is Department of the Air Force...

The Army and Navy just transferred ALL Communications to the Space Force for ONE Command...

And Article II says the President is CIC of the Army and Navy, but now the Army and Navy have rendered all Communications to the Space Force which "Biden" has never uttered out of this mouth... but the SF was created by whom again?

And "Biden" didn't receive the traditional ride into "D.C." on Air Force One, but Donald John Trump left D.C. on Air Force One on January 20, 2021, with the Nuclear Football...

Explain to me how that's beyond Buckatunna, Mississippi, math?

Donald John Trump in his proclamation (speech) on November 15, 2022, where everyone thought he was making a 2024 Campaign Candidacy speech... in the middle of all kinds of similar topics... "Pretty soon we're going to put our beautiful Flag on the surface of Mars."

The Military Auxiliary Radio System (MARS) is a Department of Defense program established as a separately managed and operated program by the United States Army, and the United States Air Force. The United States Navy-Marine Corps program closed in 2015. The program is a civilian auxiliary consisting primarily of licensed amateur radio operators who are interested in assisting the military with communications on a regional and national level when access to traditional forms of communication may no longer be available. The MARS programs also include active duty, reserve, and National Guard units, and Navy, Marine Corps units.

If the only Military Auxiliary Radio System programs are the Army and Navy... which is the Emergency Communications System aka Emergency Broadcast System... if the Army and Navy transferred ALL COMMUNICATIONS to the Space Force... doesn't that leave the Space Force in control to disable communications and deliver broadcasts to

people? Especially since the two words never uttered or stuttered from “Biden’s” lips are Space Force which was established by Donald John Trump? 3rd Grade Math.

His speech covering Military Tribunals and also Martial Law as well as paired with the Law of War Manual, Escalator, Military Justice Act, Federal Continuity Directives 1 and 2, 9 National Emergencies – 7 in Executive Orders, Federalizing the Reserve Components of the National Guard to Active-Duty, crowned King in Saudi Arabia, declared Jerusalem Capital of Israel, established the Abraham Accords, established the Space Force, established the Quantum Initiative, Executive Order 13823 keeping Guantanamo open is still active... and this is just a synopsis...

How are those so hard to understand and apply to all the above in a chronological outline?

How come there’s article after article of the SEC versus companies and CEOs before and after CIC Trump’s speech on November 15, 2022, where he said, “we’re going through a pause right now. It’s what I call the Pause?”

How it’s so hard to understand “The Pause” is under SEC.gov as the Public Alert: Unregistered Soliciting Entities? PAUSE: “These are entities that falsely claim to be registered, licensed, and/or located in the United States in their solicitation of investors. In many cases, SEC investigation reveals that the soliciting entities are not registered in the United States as they claim or imply.”
How and why does PAUSE align with Executive Order 13959?

Why did Bossman mention on November 15, 2022, in his speech talking to President XI about what he did for Drug Trafficking in which he said we have ‘Quick Trials?’ “We have trial in the morning and execution by the end of day.” He mentioned this after he said we are going to decimate crime and street gangs by 75-85% which is Martial Law talk.

If they execute Drug Traffickers... What do you think they’ll do to Child Traffickers, Human Traffickers and Sex Traffickers?

Why is one of his Executive Orders, 13818, about Human Rights Abuse? His first EO with a National Emergency declared in December 2017... sounds like it took precedent first. To save as many women and children in bondage and slavery as possible.

How come people do not understand these are proclamations not speeches by Bossman?

His December 15, 2022, proclamation says as soon as I’m President... “immediately” certain things he mentioned would happen. “Immediately” and “Urgent” does not equal January 20, 2025.

How come it’s so difficult to understand President and Commander-in-Chief are two separate Laws, roles, and duties?

How come it’s so difficult to understand that Military operates via a Chain of Command where the Orders come from the top?

How come soldiers call their First Sergeant “Tops?”

How come the First Sergeant calls the Sergeants Major “Tops?”

Amazing how that Chain of Command works for those who’ve been in it, ain’t it?

If “Biden” is President... Explain to me why the media didn’t go apeshit over “him” having the MOST votes in United States History and not receiving the traditional ride into D.C. on Air Force One for the “Inauguration?”

IF “Biden” is President how come none of the soldiers salute him? Huge difference in saluting the area versus waiting on the President to render and relieve. If the President doesn’t render, you hold until he’s out of sight... same applies with any Officer.

IF “Biden” is President how come all soldiers shown via media and press are out of regulation of uniform and/or not in unison with one another? One wearing certain equipment and the other not. Etc. Etc. Etc.

Why is it in every news article talking about the National Guard deploying it never mentions, “Biden,” the President, or Commander-in-Chief?

How come “Biden” spent the majority of his 2020 Campaign on the topic of shutting down Guantanamo Bay aka GITMO?

If he is President, how come he does not revoke Executive Order 13823 and sign his own Executive Order to close it down?

If he’s President, he would have all the same powers as every President before him had.

How come there’s 4 different Military Aircraft with Call Signs GTMO842, 844, 845, 001, flying back and forth 3-5 times a week back and forth from Jacksonville, Miami, and Fort Lauderdale, Florida, to Guantanamo Bay, Cuba?

How come GTMO001 flies from Belize to Cuba to Florida?

How come there's a Base in Belize for the British Army?

How come the Law of War Manual 2015 mentions using the Law of War Manual from the United Kingdom?

How come the same Law of War Manual mentions the United Nations Security Council as a joint partner?

How come "Biden's" party, the Democratic Party, wants to invoke the 14th Amendment on CIC Trump to not run for office in 2024 by LAW yet "Biden" swore in at 11:47 AM EST on January 20th, 2021, breaking the 20th Amendment?

How come VP Biden made 7 trips in 7 months as Vice President in 2014 to Ukraine?

How come his son with no experience was working in Ukraine and other parts of the world?

How come Ukraine did not have a full Election in 2014, known as a "Snap Election" with only one out of two rounds?

How come Obama called to congratulate Porenshenko two days later?

How come Obama wrote 3 Executive Orders about Ukraine?

How come "Biden's" "Under Secretary" Victoria Nuland was also under the Obama Administration in charge of securing \$1 Billion in Defense for Ukraine in 2014?

How come "Biden" and "Press Secretary" Psaki reported throughout all of 2021 that there are NO Biochemical Laboratories in Ukraine?

How come Nuland is on record, under Oath, admitting on March 8, 2022, that there ARE Biochemical Laboratories in Ukraine?

How come the American people, but especially Veterans cannot see the hypocrisy and blatant lies?

How come the American people cannot understand who pays for this under normal situations outside of a Military Operation and COG?

How come I have a picture of Bossman Trump and Vladmir Putin at 4:56 AM CST on November 9, 2016, the early morning after his victory that reads: "Ready to work with Trump. Ready for 'reset'?"

How come the word 'Reset' had single quotations around it?

How come 50% of America cannot put their own state on a blank map?

How many can point out Ukraine on a blank map?

How come so many Americans must be told by a black box to care about a war yet know nothing about how they got there? #DramaFilled

How come there's no pictures of refugees, especially women and children from this "war?"

If I didn't know what I know, how come the U.S. is "sending" all kinds of equipment and missiles from your taxpayer money yet there's no pictures or videos?

How are you not pissed even if it was real?

How come Americans cannot see how much they're trying to wake you up and really messing with you? January 31, 2023, article: contract U.S. soldiers in Poland receiving phone calls from Ukrainian Soldiers on how to unjam a weapon... Hope they don't have AT&T hahaha. No, they're not using Military equipment... they wouldn't call it a phone if so.

How come Americans do not know the difference in NATO and United Nations Security Council?

How come NATO countries aren't assisting and helping Ukraine in this "war," breaking their own Article 5 of the NATO Treaty?

And why is media reporting U.S. Soldiers and Contractors are helping Ukraine soldiers from afar, while in Poland, via a "Virtual War" and "Phone Calls?"

What part of Treason and Crimes against Humanity do you not understand?

How come Donald John Trump, January 27, 2023, called the Military Leaders you see on TV are fools?

How is it so difficult to believe that not everyone in the Military (minority) knows or knew why they serve(d) or anything about our Foundation, History, Military Laws and Orders?

Why does it make me or anyone the bad guy for calling out Soldiers who serve yet do not know anything about the Laws, Orders, and Regulations of which they're serving under?

How come Americans, but more specifically his own people and Republicans/Conservatives don't and didn't listen to a word Donald John Trump said?

What part of 'against NATO' and 'we're no longer going to fund 98% of NATO' as we've done the past 30 years did you not understand?

So, again, why aren't NATO countries following their own Article 5 in the NATO Treaty?

How come Ukraine broke the CIS Treaty with Russia in 2018?

How come in the same year, 2018, Vladimir Putin handed Donald John Trump a soccer ball? "The ball's in your court, Sir."

What year did Russia "invade" Ukraine? 2022?

What year did the FIFA World Cup of soccer start? 2022?

How come Russia did not participate in the 2022 FIFA World Cup?

How come FIFA rejected Zelensky a video speech at the World Cup?

Why is Russia only bombing Ukraine cities with Biochemical Plants?

How come the C-40 Clipper I've been tracking, Registration 0041, that "carried" and "brought" Zelensky to D.C. never went to Ukraine?

What part of exposing the RINOs and Federal Corporation of the festering rot of D.C. do you not understand at this point?

Explain to me how Donald John Trump gave Angela Merkel a White Flag of Surrender in July 2021 if he's "Former President" or "Civilian." The white flag of surrender is titled the White Flag of Truce in Chapter 12 of the Law of War Manual.

Explain to me why Donald John Trump exerted Executive Privilege over classified documents in November 2021 and "Biden" hasn't? You know... only the 'privilege' of the Executive Branch. You know... one of those 3 Branches of Government 75% of Americans cannot name.

If "Biden is President, he'd be protected by Executive Order 13489, National Archives for Presidents and Vice Presidents... So how come he hasn't used his privilege as CIC Trump did?

How come no one is applying that to their brains... Donald John Trump exerted Executive Privilege in November 2021...? "Biden" has yet to.

If he were real, and this wasn't a Military Operation and COG, how come "Biden" revoked Bossman's Executive Order, the 1776 Commission, which would put our American History, Foundation, Revolutionary War, the Constitution, the Declaration of Independence, the Continental Congress, the Bill of Rights, Marbury vs. Madison 1803, the War of 1812, the Texas Revolution, the Gold Rush 1849, Martin Luther King Jr., Frederick Douglass, Booker T. Washington, Abraham Lincoln, the meaning of historic events, etc.?

How come "Biden" and these RINOS want to cancel History and History Lessons, yet they always misconstrue, misuse, abuse, twist, and butcher quotes by the Founders and our History to fit their narratives and agendas?

How come so many Americans overlook this? How does this not outrage Americans?

Why does an honorably retired United States Veteran shows what's happening by Laws and Orders that SUPPORT the Constitution and Foundation (Marbury versus Madison 1803) and the same Laws and Orders being interpreted correctly by Foundation and History and receive hate, threats, ridicule, slander, and defamation of character?

Americans living in America but don't want to know the history of America that makes them Americans.

YOU are only in this Nation due to our Foundation. And there's way too many of us that are fighting to maintain the Foundation as she stands.

Many Civilians are experiencing karma from laziness and complacency from comments such as: "I'll fight for this country if I had to."

Well, you must. Every single day. You must understand your Foundation, History, and how the Government Systems, Courts, and Military operate to the best of your ability.

Veterans... and especially those still serving... We are held to a higher standard. The American people look up to us. They pat us on the back and "thank you for your service"... and here we have a massive majority of the 1% who know nothing about Military Laws, Orders, Regulations, Codes, Optics, Comms, mixed with Federal Laws, Orders, Statutes, Acts, Codes, plus our Military and Country Foundation and History.

Our Military was founded to PREVENT wars and conflicts NOT start them as Career Politicians, RINOS, the Swamp has done by creating self-interests for many years and grew to a point of such division where we were divided on religion, politics, race, patriotism, and even sports.

This isn't about me, or any select individual. This is about our Oath, our Nation, our History, our Foundation, FOR our People and their well-being, safety, protection, prosperity, hope, peace, and their future of all those.

We are a Nation of Laws and Orders that are supposed to support the Constitution. There's a lot that don't and those are being riddled.

Our Nation is governed by Laws and Orders. And it's much easier to fight to maintain what we have and clean it up versus any alternative.

Too many Civilians are lost and confused because so many Veterans won't stand up and most can't because sadly so many do not know the Laws they served under.

If I have to stand on an island alone and fight I will because I'm simply and honestly with respect taking what's different about Donald John Trump's Laws and Orders that outline this Biblical, Monumental, Historical Blueprint of a Military Operation and Continuity of Government all in Laws and Orders and interpreting what was written and passed by brilliant men and women.

You cannot debunk the Laws and Orders because:

1. Laws are changed by: Rescinding, Revision, and Revoking.
2. The Orders have not been rescinded by those who gave the Orders.
3. The 9 National Emergencies have NOT been terminated and addressed as prescribed by Law.
4. The National Guard are still on ORDERS that activated them to Active-Duty. These ACTIONS prove the Laws and Orders are being upheld and carried out.

So, let's bring it home.

The Military and UN Security Council, plus our other allies, are running a World Operation exposing the RINOS and their cronies as outlined in the Law of War Manual paired with all of the other Laws, Orders, Optics.

All Branches do not recognize "Biden" and do not have to because it's a Military Operation that required a Continuity of Government.

The Military placed Donald John Trump in by jamming the systems in 2016... hence the headbands Military Intelligence and JAG.

"We have it all. We've caught them all." = Military Intelligence and JAG.

There also had to be a visual President, an outsider, who took ALL Laws, Orders, Statutes, Acts, Codes, and reversed it on the Federal Corporation and RINOs aka the Swamp.

CIC Trump is a delegator. He's legally Commander-in-Chief via Article II of the Constitution, First War Powers Act, Executive Orders 13912, 13848, 13919, 13963, and 10 U.S. Codes 12406, 12304, 1209 in which he Federalized the National Guard to Active-Duty... "Biden" has extended those in the Continuation of Government...meaning they're still CURRENT and ACTIVE... but with the 13919 and 13963, CIC Trump is letting the Military Generals do their jobs based on their wisdom and experience.

The Military is making the evil RINOs expose and display their crimes of treason, fraud, and crimes against humanity to the public.

The New York Times reported December 29, 2021, Military Tribunals are coming mid-2023.

There's ZERO Laws and Orders that show those Laws and Orders are not happening.

So, you can cuss, fuss, call me names, bicker, whine, argue, yell, punch walls, gripe, complain, hate, threaten, be mad, stay mad, live mad, eat mad, poop mad, stay jealous, stay ignorant, etc.

Or you can read, study, and try to remember everything you can remember seeing from November 2016 to present day and it will click quickly.

There's a lot more to this... this is just the general outline to fire you up and wake you up.

Many Veterans would truly love and be fired up if they would read, study, and apply what's going on via Military Laws, Orders, Regs, Code Language, Optics, Comms paired with the Constitution, Laws, Orders, Codes, Statutes, Acts.

It's more than awesome. It's nothing short of Biblical, Monumental, Historical.
