**Philip J. Berg, Esq. Seeking the "Truth of 9/11"  
Calls on World Community  
To Arrest and Try Bush & Cheney for  
Global Crimes of 9/11**  
Philip J. Berg, Esquire  
<http://www.911forthetruth.com>

(Lafayette Hill, Pennsylvania - 01/04/07) - Philip J. Berg, Esquire, [Berg is a former Deputy Attorney General of Pennsylvania; former candidate for Governor and U.S. Senate; an attorney with offices in Montgomery County, PA and an active practice in Philadelphia, PA, who prior hereto has filed a RICO lawsuit against Bush and others for the events of 9/11 and plans to re-file shortly] announced today that he was issuing a call for world leaders to arrest and try Bush and Cheney for the global crimes of 9/11/01.

Philip J. Berg, Esquire stated in a letter to the nations throughout the world:

"It is time for the nations of the world to come forth and take the leadership because of the failure of the United States Government and the States where crimes were committed on 09/11/01, where no thorough investigation and indictments occurred, to investigate, arrest and prosecute the people responsible for the murders on 9/11/01, specifically including George W. Bush and Richard Cheney. "

Berg continued there is overwhelming evidence that:

"Bush and his cronies made 9/11 happen or let it happen. And, if they let it happen, then they made it happen. Either way, they are responsible; and more important, they have completely and unequivocally covered-it-up!"

Berg's letter went on to say:

"The trial and execution of Saddam Hussein marks the "end of a difficult year for the Iraqi people and for our troops" according to President Bush.

Now, it is time for world leaders to take the lesson learned from Iraq and issue a warrant for the arrest of George W. Bush and Richard Cheney; arrest them; take them to a neutral country; try them for the murder of over 2,800 people from more than 80 countries on 9/11/01 and, when found guilty, sentence them appropriately. Jurisdiction would be proper in any of the more than 80 countries whose citizens were murdered on 9/11.

Despite a near-complete corporate media embargo on the wealth of evidence indicating that the 9/11 attacks were caused or knowingly permitted to happen by top figures in the Administration and the military, 84 % of

the U.S. public, according to an October 2006 CBS/NY Times poll, is unconvinced by the "Official Story," and agrees that the President and others caused or allowed the attacks to happen.

That an event such as 9/11 was desired by powerful Administration figures, including Cheney and Jeb Bush, the President's brother, is a matter of record, as the Project for the New American Century's [PNAC] blueprint for worldwide U.S. dominance entitled "Rebuilding America's Defenses," stated that the program they advocated could win popular support only with the help of a "catastrophic and catalyzing event, like a new Pearl Harbor" which (we are supposed to believe to be coincidence) came to pass just 8 months after many of the co-signers of the PNAC document assumed high positions in the new Bush Administration in January 2001.

As President John F. Kennedy stated, "Things do not just happen; they are made to happen." There has never been an investigation of 9/11 that had not concluded, before it even began, that the Official Story convicting Osama bin Laden and absolving the Administration and the military of complicity of anything worse than "intelligence failures," which thereby made the outcome a foregone conclusion.

It is time that the men who had the motive, means and the opportunity to commit the terrible crimes of 9/11, and who have profited by it politically as well as financially, be exposed for their role and held to account.

The world has suffered since the horrific acts of Bush and his cronies on 9/11, that being the events of 9/11 and the aftermath, the illegal act of war against Afghanistan and Iraq that has caused the death and injury of hundreds of thousands, including thousands of U.S. troops; the destruction of property and the enormous costs involved.

Saddam was tried, found guilty and sentenced to death after being convicted of murder in the killings of 148 Shiite Muslims from an Iraqi town where assassins tried to kill him in 1982. This number of killings that Saddam Hussein was found guilty of is far less than Bush and his cronies caused to die on 9/11.

The 148 Iraqi deaths for which Saddam was tried pales in number to the 750,000 dead at the hands of George W. Bush as a result of this illegal invasion of that country which includes babies, sons, daughters, mothers, fathers, elderly grandmothers and grandfathers, killed without remorse by George W. Bush and his war profiteering supporters.

Bush continues the war in Iraq to keep the world's attention there and not on the atrocities caused by him on 9/11, including the possibility of Bush sending up to 40,000 more troops to Iraq, even though a majority of the American people are against this increase.

The world must act now because our own government has failed us. We cannot relent until real justice is reached. Only by exposing the truth of 9/11 and revealing how it was used as the "trigger event" to justify the neocon's imperial policy can we put these events in proper perspective."
