## Former U.S. military commander says elites hide from humanity knowledge and contact with many Extraterrestrials civilizations

by Paul Chen

Command Sergeant Major Robert Dean worked at NATO's Supreme Headquarters from 1963-1967, and during this time was stationed in the Operations Center with a Cosmic Top Secret clearance. "He claims to have viewed a secret NATO study that was commissioned to analyze the threat posed by UFOs to NATO operations in Eastern Europe", reports Dr. Michael Salla, who is a scholarly researcher on Extraterrestrial life and Earthbound human political implications, in the article entitled "Extraterrestrials among Us", Exopolitics Journal, Vol 1:4 (October 2006): 284-300.

Robert Dean is a former U.S. military commander.

The classified report was titled: "An Assessment: An Evaluation of a Possible Military threat to Allied Forces in Europe." It focused on the dangers of UFOs being mistakenly identified as an incoming ballistic missile attack from the Soviet Union. Dean claimed that the NATO study identified four different extraterrestrial civilizations visiting the Earth.

Dr. Salla elaborates that former U.S. Military commander Dean said that "what really worried the NATO top brass was that some of the visitors looked so much like us that they were virtually indistinguishable. Dean says that NATO generals were paranoid over the possibility that some of the extraterrestrial visitors could be walking in the corridors of NATO or the Pentagon, or even the White House itself."

Dr. Michael Salla further reports in an interview documented by Bob Hieronimus, "Transcript of Interview with Bob Dean, March 24, 1996 that Major Dean said:

"There was a human group that looked so much like us that that really drove the admirals and the generals crazy because they determined that these people, and they had seen them repeatedly, they had had contact with them.... These people looked so much like us they could sit next to you on a plane or in a restaurant and you'd never know the difference. And being military and being primarily paranoid, that bothered the generals and the admirals a little bit. That the fact that these intelligent entities could be involved with us, walking up and down the corridors of SHAPE [Supreme Headquarters Allied Powers Europe], walking down the corridors of the Pentagon. My God, it even dawned on a couple of them that these guys could even be in the White House! Of course, as I said, being paranoid in those years it really shook things up a little bit."

"Dean's testimony is a vital key in unlocking the truth of extraterrestrials living among the human population. His testimony conclusively demonstrates that official military and government agencies are aware of this possibility, and in fact would undoubtedly have been developing strategies for such a contingency", says Dr. Salla.

"While NATO viewed extraterrestrials living among us in the context of a classified Study assessing UFOs as a potential security threat, based on contactee testimonies, it appears that the

extraterrestrial visitors are blending in to learn about the human population," elaborates Dr. Salla.

Dean also reported that government insiders feel that we are dealing with hundreds of ET civilizations, some intergalactic, some interdimensional. He noted that over 10 years ago, NASA set up a scientific committee, which came to the conclusion that there are an estimated 10 billion planets with intelligent life.

"Sgt.-Major Dean has assembled 20 astronauts, former intelligence officers, servicemen who participated in crashed UFO retrieval operations, generals, admirals, and even cosmonauts, who are willing to testify to a Congressional Committee about what they know about UFOs, provided that they are released from their National Security oaths. The videotaped depositions of sworn key witnesses have been taken by a prestigious Washington, D.C. law firm, and stored in its safe, awaiting public hearings," documents Dr. Richard J. Boylan in "UFO Reality is Breaking Through".

Former U.S. Military Commander Dean had began working with CSETI's [Committee for the Study of Extra Terrestrial Intelligence], Dr. Steven Greer, in concert with former astronaut Gordon Cooper, other astronauts, another high-ranking military officer, and a General, to plan the release of UFO information to which they are privy.

"Dr. Greer and Sgt. Major Dean are part of a Coalition of Starlight and Stargate Projects, which have been putting together the best evidence of UFO/ET reality. The evidence includes not only military and intelligence officers who participated in UFO crash retrievals and autopsies on ET corpses, but also fighter pilots, generals, astronauts and cosmonauts who have witnessed UFOs close-up, as well as UFO and ET tissue samples," further documents Dr. Boylan.

"The Coalition's plan is to take their Briefing Document and evidence to world leaders, the U.N., scientific academies, and religious leaders for a pre-briefing. Then the Coalition will make a Public Disclosure before mid-1997. Dr. Greer reports that the White House, the Joint Chiefs of Staff at the Pentagon, and the United Nations are being enlisted to assist, and no one has said that this cannot come out."

On August 17, 1995, Sgt.-Major Robert Dean had announced the beginning of a citizen campaign to compel Congress to grant Congressional immunity to astronauts and military and intelligence witnesses, who are ready to testify at Congressional UFO Hearings. "Washington Post journalist Ruth Montgomery related how she had received multiple reports about UFO reality from various military officers with whom she had spoken", further documents Dr. Boylan.

The producer of Mexico's "Sixty Minutes" television documentary program, Jaime Maussan, showed extensive videotapes of UFOs over Mexican population centers. These videotapes show structured craft, flotillas of UFOs, and a vertical column of UFOs inside a translucent plasma field. The most arresting footage is a night-time shot of a UFO hovering near the ground, and later, a "Praying Mantis"-type extraterrestrial, illuminated, is seen turning towards the camera from perhaps one block away.

Extraterrestrials also appear to be doing their share to disclose their presence to Earthbound humans by employing various apparent strategies to reveal their presence, suggests Dr. Boylan:

1. To increase the pace, boldness and openness of UFO sightings. Peter Davenport, Director of the National UFO Reporting Center (206-722-3000), stated that the center has been swamped by UFO reports since the first week in July [1995] and escalating. Not only are the reports plentiful, but reports are now common of numerous and multiple kinds of UFO craft during a single sighting, and there are many reports of UFOs landing.
2. The coming forward of an increasing number of close encounter experiencers to acknowledge their contacts to psychotherapists, investigators and the public. Many professional researchers and therapists have recently reported increasing numbers of such accounts of extraterrestrial encounters.
3. The strong sense of mission felt by numerous UFO experiencers and researchers to work to bring the extraterrestrial presence to public awareness. Reports from around the country verify that many people are feeling such a sense of mission.
4. The attitude change in many governmental and other influential leaders to allow release or leaks of UFO information. Numerous instances of the results of such greater openness are evident in the revelations cited earlier in this report.

"On July 9 near Versailles, MO, two Air Force officers and a dozen other witnesses saw five very large UFOs (a triangular craft and four discs, each as long as a football field) hovering over an empty field. On the ground were 20-25 extraterrestrials moving about. Three different races were present: some short, with purplish skin and large ears, another type described as luminous energy beings, and a third group of humanoid ETs in jump suits," further documents Dr. Boylan.

Mr. Dean's spent twenty-seven years of active duty in the U.S. Army where he retired as Command Sergeant Major after serving as a highly decorated infantry combat veteran. His reportedly received a Cosmic Top Secret clearance. Mr. Dean also spent fourteen years as an
