Derek Johnson is RattleTrap 1776 🇺🇸, on Independence Day.

RattleTrap 1776 🇺🇸, 7/4/23 5:37 PM UTC

Remember the 'Reason for the Season'... today you'll see a lot of posts from people who will misconstrue or attempt to rewrite History as many have sought to do.

Our Nation was founded in the MIDDLE of a Revolutionary WAR.

The Founders kicked off the war on April 19, 1775, at the Battle of Lexington and Concord.

Then founded the Army on June 14, 1775.

Then founded the War Articles (first Military Law / Regulations) on June 30, 1775.

Then founded the Navy on October 13, 1775.

Then founded the Continental Marine Corps on November 10, 1775.

Then founded the first Flag, the Grand Union Flag, on December 3, 1775.

War, Military establishment, and Military Law and Regulations establishment, LONG before the Declaration.

Then came the Declaration of Independence. Just let that phrase marinate. The Founders declaring Independence...

Then went back on battlefield and fought 7 more years.

Then came the Congress swearing in the United States Flag, the new Stars and Stripes Flag, not Grand Union Flag anymore, on June 14, 1777, the 2 year Birthdate of the Army. No coincidence. 51 days later, it flew in the bloodiest battle of the Revolutionary War at Fort Schuyler in the Battle of Oriskany.

Then came the first Constitution, the Articles of Confederation, November 15, 1777.

Then 10 years later the new Constitution was drafted and finished on September 17, 1787, but did not go into use until 1789.

If you read the Declaration of Independence... it always reads in future tense. And SPECIFICALLY gives WE THE PEOPLE the right to:

"When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness."

Blog Export: Intelligentsians blockering, <http://blog.lege.net/>

Read that last part again...

"...whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form"...

ANY Form of Government...

Becomes destructive of THESE ends...

It is the Right (R is capitalized) of the People (P is capitalized)...

To ALTER or to ABOLISH it...

And institute NEW Government...

Laying its foundation on such principles and organizing its power...

Such Principles 👉🏻 the Foundation 👉🏻 the very premise of what gave us this day.

And...

"But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security."

👉🏻 it is THEIR right

👉🏻 it is THEIR duty

👉🏻 To throw off such Government

👉🏻 To PROVIDE new Guards

👉🏻 for THEIR future security

And unfortunately, you can get on MANY platforms of Liberals and watch them misconstrue, misquote, and COMPLETELY destroy the true meaning of the words and phrases into their agendas.

As they've done for too long and too many years, and now we have a large portion of people who have NO CLUE the true history and Foundation.

That's why it looks the way it does and it's going to be a fight to SAVE AMERICA.

RattleTrap 1776 🇺🇸, 7/4/23 5:37 PM UTC

We must PROTECT the Foundation... and stop all of those misconstruing and trying to change and rewrite the meaning and history of this great Nation.

I'm not reinventing the wheel here. I took the CURRENT Laws and Orders put into place that outline a blueprint of the Military Occupancy and Continuity of Government.

The Federal Continuity Directives outline two major bullets: Devolution and Reconstitution.

The two canopy Directives were issued January 17, 2017, and June 13, 2017. The most recent was issued April 2023.

If they don't mean anything, why was the most recent issued April 2023 and the most RECENT piece of Legislation and Law inside it, says: "consistent with Executive Order 13961," which is CIC Trump's: Federal Mission Resilience Strategy? 🤭

Blog Export: Intelligentsians blockering, <http://blog.lege.net/>

Everyone has literally been watching a shadow government under a Military Occupancy found in the Law of War Manual while the government is under a Continuity of Operations Plan found in all of the 7 FCD issuances with an emphasis on Devolution and Reconstitution.

It's an epic, Biblical, Monumental, and Historical Special Operation... all written in Laws and Orders being carried out and enforced...

People want to know how to get more involved... you cannot get involved if you don't know the Framework of what's been in place and was put in place 🤷🏽‍♂️

You have to know what you're fighting for 💯🇺🇸

Memorandum Ruling – #293 in Missouri v. Biden (W.D. La., 3:22-cv-01213) –
Memorandum Ruling

(pp. 17-18: "

(15) On April 14, 2021, Slavitt emailed Facebook executive Nick Clegg ("Clegg") with a message expressing displeasure with Facebook's failure to censor Tucker Carlson. Slavitt stated, "Not for nothing but the last time we did this dance, it ended in an insurrection."⁶⁹ The subject line was "Tucker Carlson anti-vax message."⁷⁰ Clegg responded the same day with a detailed report about the Tucker Carlson post, stating that the post did not qualify for removal under Facebook policy but that the video was being labeled with a pointer to authoritative COVID-19 information, not being recommended to people, and that the video was being "demoted."⁷¹

After Brian Rice ("Rice") of Facebook forwarded the same report on the Tucker Carlson post to Flaherty on April 14, 2021, Flaherty responded to Rice wanting a more detailed explanation of why Facebook had not removed the Tucker Carlson video and questioning how the video had been "demoted" since there were 40,000 shares.⁷² Flaherty followed up six minutes later alleging Facebook provided incorrect information through Crowd Tangle.⁷³

Two days later, on April 16, 2021, Flaherty demanded immediate answers from Facebook regarding the Tucker Carlson video.⁷⁴ Facebook promised to get something to him that night. Facebook followed up on April 21, 2021, with an additional response in regard to an apparent call from Flaherty ("thanks for catching up earlier").⁷⁵ Facebook reported the Tucker Carlson content had not violated Facebook's policy, but Facebook gave the video a 50% demotion for seven days and stated that it would continue to demote the video.⁷⁶ (16)

Once a government is committed to the principle of silencing the voice of opposition, it has only one place to go, and that is down the path of increasingly repressive measures, until it becomes a source of terror to all its citizens and creates a country where everyone lives in fear. — Harry S. Doctors Appeal,
Läkaruppropet, 7/4/23 11:04 AM UTC

The world is in the midst of a paradigm shift. With the advent of printing, the church lost power. Now, in the transition from industrial society to the digital/information society, it is politics, big business, media and academia that are under threat. The power elite defend the prevailing narrative tooth and nail, but by...

1. ... increasingly absurd proposals: recently, the European Commission signed an agreement with Pfizer, whose mRNA vaccine probably killed millions of people, to supply 325 million vaccine doses for a future global health crisis,
2. ... constant demonisation of critics: e.g. the epithet "anti-vaxxers" was applied to the January conference of the Läkaruppropet by the Swedish Security Police in a recent report; Sweden's highest-ranking regional politician said about the same conference that she did not attend a Russian-funded anti-vaccine conference, not a single digit right in that statement,
3. ... classic projection, when they claim that critics are disinforming, it is in fact a perfect example of misdirection on their part: the Swedish Public Health Agency repeated at the weekly press conferences during the first 14 months of vaccination against C19 as a mantra that the vaccines were safe and effective, despite the fact that official statistics from the Swedish Medical Products Agency showed the opposite, during the first year of vaccination, 2021, 90,732 suspected adverse reactions were reported for the three C19 vaccines, compared to the normal annual average of ~8000 reports of suspected adverse reactions for all ~25,000 pharmaceutical substances and vaccines in Sweden.

Swedish version of the Telegram:

Läkaruppropet, 7/4/23 10:57 AM UTC

Världen står mitt i ett paradigmskifte. När boktryckarkonsten kom så tappade kyrkan makten. Nu i övergången från industrisamhället till den digitala eran/informationssamhället är det politiken, storföretagen, media och akademien som är hotade. Makteliten försvarar det rådande narrativet med näbbar och klor, men genom...

1. ... alltmer absurda förslag: nyligen skrev EU-kommissionen under ett avtal med Pfizer, vars mRNA-vaccin sannolikt dödat miljoner människor, om att de ska kunna leverera 325 miljoner vaccindoser inför en framtida global hälsokris,
2. ... konstant demonisering av kritiker: t.ex. tillförs de epitetet anti-vaxxare, användes om Läkaruppropets januarikonferens av Säkerhetspolisen i nyligen utgiven rapport; Sveriges högst uppsatta regionpolitiker sa angående samma konferens att hon inte besökte en ryskfinansierad antivaccinkonferens, inte en siffra rätt i det uttalandet,
3. ... klassisk projicering, när de hävdar att kritiker desinformerar är det i själva verket ett klockrent exempel på vilseledning från deras sida: den svenska Folkhälsomyndigheten upprepade på de veckovisa presskonferenserna under de första 14 månaderna av vaccinering mot C19 som ett mantra att vaccinen var säkra och effektiva, trots att officiell statistik från Läkemedelsverket visade det motsatta, under det första året med vaccinering, 2021, rapporterades det in 90 732 misstänkta biverkningar för de tre C19-vaccinen, att jämföra med det normala årliga snitt på ~8000 rapporter om misstänkta biverkningar för samtliga ~25 000 läkemedelssubstanser och vaccin i Sverige.

Here rendered in 2x1 landscape similar to how viewed at <https://commonlawcourt.com/>

"The Plaintiff stated "that in his opinion this case was probably the most important case that had come before the Common Law Court as it was addressing the largest crime that has been perpetrated against the people in history, and that this had been happening internationally for hundreds of years."

This court case was required to address the position of living men, living women and the issue of slavery.

The Plaintiff then explained that while he admired the existing statutory system, he confirmed that it was no longer fit for purpose as the system was run for profit, it did not provide a lawful remedy and that it was being run by criminals."

This is the best read... 💯 Lieutenant Colonel Bosi and I have touched on this before, so, it's a great piece to bring back with
all the new followers.

The number one thing people need to throw out of their minds and heads: dates.

The Constitution is relevant at 1787...

This key piece of Military Government is at 1949.

Most Legislation is always upgraded on the Gov sites and the old material either removed or only searchable via Google.

Military Laws, Order, and Publications, operate the same way on dot Mil sites and searchable depending on what it was.

There's a drove of people who hear something about the National Guard let's say on today, and think there's a new Order in place for
that movement or action...

And will say... Executive Order 13912 was 4 years ago!

Doesn't matter.

It was already under a Military Occupation and COOP outlined with Chapter 12 of the Law of War Manual and the Capitulation Tour

Blog Export: Intelligentsians blockering, <http://blog.lege.net/>

by 45 and the Federal Continuity Directives 1 and 2 with operational dates 2018-2022 and 2020-2024 in the Federal Register dot Gov.

Then the Declaration of War in the War Powers Act of 1973 on December 20, 2019.

Then the Proclamation 9994 with National Emergency and Executive Order 13912 and 13919.

There's a difference in Executive Orders and Executive Orders with National Emergencies.

"Biden" wouldn't be extending 11 National Emergencies by CIC Trump for nothing, but especially what they're all about.

Polar opposite views of 45.

And MANY are still failing to understand and comprehend that the War Powers Act of 1973 is where a President declares war.

Title 50 Chapter 33 Section §1621.

Title 50 Chapter 33 Section §1701.

Why is there a declaration in §1550 of Title 50 Chapter 33?

All of those EOs with NE's must be:

1. Revised
2. Revoked
3. Rescinded
4. Resolved

Or no action at all in the 2-year clause of automatic termination.

Which makes even more ZERO sense why "Biden" would extend those past that automatic termination.

Now enjoy this read, especially pages 12-14.

TRANSLATION TRIAL REPORT 🇺🇸/🇬🇧/🇭🇲

Newsflash on the 16th day of proceedings in the Reiner Füllmich case at Göttingen Regional Court on June 10, 2024

Life jacket

Today's 16th day of proceedings in the Reiner Füllmich case at Göttingen Regional Court has so far been characterized by a large contingent of police and security forces and precautions.

During Reiner Füllmich's transport from the prison to the court building, which was accompanied by armed security officers and escorted by several large vehicles, he was also shackled.

According to the defense, a bulletproof vest was also discussed.
We can only speculate as to why this happened and why the large contingent was deployed at Göttingen District Court.

The trial began with the defense reading out a 15-page motion of bias against, correction: the presiding judge (not as originally written: "the chamber").

This was followed by motions for evidence by lawyer Dr. Christof Miseré and a statement of his own which he read out. We will see how things develop after the lunch break.

The auditorium is full and interest is high. If further information is available from the courtroom, we will use it and share it with you.

The motion to recuse the defense lawyer Katja Wörmer will be made available to us for publication, as well as the other attachments.

TRANSLATION TRIAL REPORT 🇺🇸/🇬🇧/🇭🇲 Part 2

On the 16th day of proceedings in the Reiner Füllmich case at Göttingen Regional Court on June 10, 2024

Will to live

After the lunch break on the 16th day of the trial in the case of Dr. Reiner Füllmich before the Göttingen Regional Court, the motions to extend the deadline for the motions for evidence were initially rejected with reservations.

Lawyer Katja Wörmer had requested a short break due to illness and had to leave the session after the lunch break.

No further motions or statements were then made by the defense.

Dr. Reiner Füllmich filed a motion for clarification on the background of the increased and massive security precautions for today's trial, including transport under supervision, officers armed with machine guns and additional ankle cuffs, plus the mention that a bulletproof vest might also have to be considered for a possible exchange of fire.
He expects the chamber to answer his questions and he also expressly stated that he was not suicidal.

The next day of the hearing will take place - subject to reservation - on 12.06.2024.
