The WHO is a depopulation organisation and that has been its primary role since inception. The coronavirus was released as a means to an end: depopulation via vaccinations.

Alert: Global Shockwave: Leaked Data Sparks Fears of a Covert War Against Humanity

As a whirlwind of staggering revelations emerges from the data leak in New Zealand, a chilling question echoes across the globe: Was there an intentional scheme to decimate vast populations worldwide?

The mere contemplation of such a scenario sends shivers down the spine. If this turns out to be true, it signifies a war against humanity itself, a notion as horrifying as it is profound. The accumulating data, coupled with the alarming rate of global excess deaths, seems to lend weight to this dark hypothesis as we delve deeper into the mounting evidence.

A poignant discussion between Dr. Naomi Woolf and Steve Bannon, a former advisor to President Trump, delves into this unsettling topic. The video link captures their intense dialogue.

What is increasingly alarming is the growing scrutiny over whether a biological weapon of unprecedented scale has been unleashed by a cabal of globalists. A shadowy group suspected of making a grim decision to eradicate millions, perhaps even billions, of lives worldwide, a thought that is as sobering as it is petrifying.

The implications are staggering. How can humanity continue its journey unchanged, if such malevolence, eerily reminiscent of the Nazi holocaust with its extermination camps and the senseless slaughter of innocents, has indeed been perpetrated?

Should these suspicions be confirmed, the world as we know it would be irrevocably altered. A new, stark reality would dawn, marked by the heavy burden of this unspeakable evil. #WhistleBlower #NewZealand #JacindaArdern #WEF #WEF2030Agenda #DepopulationAgenda #mRNA #CovidVaccine #VaccineInjuries #ExcessDeaths #DiedSuddenly #Myocarditis #USA #Australia #NewZealand #UK #France #EU ⬇️⬇️⬇️⬇️⬇️ Link to Video⬇️⬇️⬇️⬇️⬇️ <https://rumble.com/v40ccxd-dr.-naomi-wolf-the-injections-have-an-ingredient-in-them-that-is-causing-fr.html> ⬆️⬆️⬆️⬆️⬆️⬆️

Decoding the Globalist Plot: Money Penny's Deep Dive into the Depopulation Agenda and Humanity's Fight for the Future

In an intense and gripping conversation, the formidable Money Penny, once a keen-eyed financial services economist and shrewd trader, now an investigative journalist par excellence, connects with us from the heart of the UK. Her mission? To unravel the chilling truths behind the Globalist New World Order's shadowy schemes.

Is humanity under siege? Why, and most crucially, how can we counter this threat?

Battling the debilitating effects of Long Covid, Money Penny delves deeply, shedding light on the haunting plight of countless souls rendered gravely disabled by this affliction. As a key figure in the Long Covid Research Group, she's not just a researcher; she's a beacon of hope, offering invaluable support to those in need.

Her explosive findings point to a sinister concoction: an artificially created pathogen, the brainchild of top-tier scientists and medical masterminds on a global scale. Her analysis of published works paints a horrifying picture— a disease maliciously engineered, sinisterly spliced with HIV elements.

The enigmatic Dr. Fauci lurks in the shadows of this narrative. What role did he play in the controversial 'gain of function' research, and how does this tie into his interactions with the Chinese CCP?

{ ... Continues ... }

LegeNet, 12/10/23 11:09 PM UTC <https://t.me/realLegeNet/58788>

{ ... Continued ... }

The plot thickens as Money Penny probes the secretive laboratories of Ukraine. What clandestine research was being conducted in those hidden halls?

The crux of the matter lies in the origins of the pandemic. Was it a mere accident, or a cold, calculated release? The evidence points to a high-stakes gamble: the unleashing of a pathogen, setting the stage for a mass vaccination drive, a scheme so diabolical it resembles a bio-weapon, crafted to decimate billions, simplifying the Globalists' twisted quest to dominate the remnants of humanity.

And then there's the World Genome Project, with their unnerving fascination with human DNA. Why this obsessive collection of global genetic data?

The Deagel Report paints a dystopian future—a depopulation agenda chilling in its precision:

By 2025, the UK's heartbeat will slow, its population plummeting from 67 million to a mere 15 million. A staggering 52 million souls, vanished.

The USA faces a similar fate, its populace dwindling alarmingly from around 300 million to just 98 million—a loss of over 200 million lives.

This pattern echoes across nations, a grim testament to a war waged not with guns and bombs, but with something far more insidious.

A war, it seems, has been declared on humanity itself.

The top video above is a perfect short video on anti-trust crimes that lead to murder. There is no lack of applicable criminal law, it's rather a lack of balls of steel that have somehow become hard to find in prosecutors. Who prefer to harass the victims further.

Cf. also... "18 U.S. Code § 3 — Accessory after the fact", "one who, knowing a felony to have been committed by another, receives, relieves, comforts, or assists the felon in order to hinder the felon's apprehension, trial, or punishment" (<https://www.law.cornell.edu/uscode/text/18/3>)

Anyone who, instead of prosecuting the real criminals, harasses for bullshit code violations those who work to ensure that the crimes are understood, are of course Accessories after the fact. All that's needed is that laws start to be used, and then we will get rid of the bullies.

The West have fooled the public to believe Russia are the aggressors, when it was the US CIA/State Dept who funded literal nazi militant groups and overthrew a sovereign nation, then took control of it via proxy. AND funded an created a massive army, with Western equipment, right on Russia's border. AND they were slaughtering ethnic Russians in the Donbas. AND they were conducting nefarious ILLEGAL biological research and pathogen production.

Putin did what he had to do, and rightfully so.

The majority of Americans STILL do not know this, which allows the US and Ukraine to maintain their status as the victims, when they are the ones who brought war to Russia's doorstep.

The sooner the public realize this reality, the sooner we can clean up the mess.

LegeNet, 12/16/23 11:11 PM UTC

Forwarded from BioClandestine, 12/15/23 9:24 PM UTC

If Trump wins 2024, he will halt all funding for Ukraine, negotiate an end to conflict with Putin, thus preventing WW3.

The reason Biden and the Deep State cannot negotiate with Putin, is because Putin wants their heads for crimes against humanity, namely for manufacturing C19.

This is not speculation on my part. Russian MIL literally listed Joe Biden, Hillary Clinton, Barack Obama, and George Soros, as being the main ideologists behind the plot to manufacture coronavirus strains in Ukraine, with US DoD funding, and there is an open source paper trail to back it up. You can debate on whether or not you believe them, but the reality is, Putin wants the "Western Elites" and Xi agrees with him.

It's not hyperbolic to say that this is life or death for the Deep State actors. If Trump wins and negotiates a settlement with Putin, Russian MIL have already been demanding for activation of Articles V and VI of the Biological Weapons Treaty, which would result in a Security Council investigation and international military tribunals. That's what Russian MIL have been demanding at the UN for nearly 2 years now. And that's just the biological stuff, not even accounting for the whole 2014 coup, shelling the Donbas, funding and supporting Ukraine in 2022, Nord Stream, etc.

What do you think Trump is going to say? No? Trump wants to prosecute the exact same people for crimes against humanity! Putin is literally demanding that all of Trump's enemies trying to imprison him, must be prosecuted by military tribunal... How could Trump say no to that?! He'd be killing multiple birds with one stone. And Trump's DOJ wouldn't have to do the prosecuting. It would be a coalition of military judges from different countries around the world. It would be far more legitimate and no way could the Dems cry "partisanship". It's international law.

Y'all might think it's crazy, but this is the trajectory we are headed on if Trump wins, which is why the Biden regime are going to do everything in their power to prevent Trump from winning. If they fail, they will be treated as international war criminals, and will face the ultimate penalty.

Extinction Level Event.

Let's say Russia and China are lying, and the US did not manufacture C19.

Then why would Fauci, Collins, and the US government, put so much effort into covering up the lab origins?

Why are the US and their allies the only ones NOT interested in who caused a global pandemic?

Why did government health agencies and Big Tech censor scientists and journalists who pointed out its lab origins? If someone else created this virus, why are the US government so invested in covering up who is responsible? Over a million Americans died, shouldn't they be tirelessly trying to find out who killed all those people?

Who benefited from the pandemic? American Pharmaceutical companies, that began the vaccine development BEFORE the pandemic. Who funds the MSM and Deep State politicians? Big Pharma.

If Russia and China are lying, why is it that the US veto every request at the UN Security Council for a joint investigation into the origins of C19?

There are two options. Elements within the US are responsible, or, a different entity is responsible and the US government went out of their way to cover it up.

The paper trail confirms it's the former, but either way, heads must roll.

Something that's been on my mind

Something that's been on my mind is that the corporate forces behind the corruption of state, a state that at least nominally and very often in practice have been a protection for it's population, the corruption of which with inevitability leads to the destruction of state, to the destruction of officialdom, that the forces behind this do this intentionally so that they altogether will get rid of the regulating functions of state. So that they then can fuck everybody over unregulated.

Sure, the EU is super regulated but there is no chance in hell that the EU will not fall. The EU and the Euro are toast. (There are no currencies, only negotiable debt instruments. The currency they use is a credit commitment. All is contract law, in public (insurance needed for everything) and in private (you are unlimited liable). Insurance does not cover Fraud. Fraud Vitiates Everything. I.e., unlimited private liability, no protection from having acted through official capacity.)

The unlimited corruption will certainly lead to unlimited private liability, but at the same time to unlimited danger from the very corporate forces that created the problem in the first place.

I don't only want to be in "the demolition team", I also want to be part of figuring out what to have in place of the unlimited corruption and unlimited crimes against human kind.

Det behövs inte mycket för att betraktas som medverkande till brott.

Mina handlingar, se strax nedan, refererar mycket grova brott mot mänskligheten. Handlingarna har vandrat genom tingsrätt, hovrätt, högsta domstol, polis, kronofogde, transportstyrelse, tillbaka till tingsrätt o.s.v.. Jag har således själv ej hållit tyst om dessa brott. Det finns något som heter Underlåtenhet att avslöja brott och skyddande av brottsling. Avser ej alla typer av brott men för mord och misshandel har skyddande av brottsling brott dömts. Det går att få fram vilka som är underlåtenhetsbrott ur hänvisningarna från <https://lagen.nu/1962:700#K23> högermariginal. Det är 119 olika lagrumshänvisningar, så jag listar dem ej här. Men det går nog att hitta någon paragraf som kan användas för biologisk krigföring mot befolkningen. Det behövs det inte mycket för att betraktas som medverkande till brott, som det står i kommentarer till <https://lagen.nu/1962:700#K23P4S1>, "Att främja en gärning med råd innebär att någon använder ett psykiskt beteende där personen med verbal uppmuntran eller kroppsspråk visar sig stå vid gärningsmannens sida. [...] Ett nästintill obetydligt bidrag till ett brott räknas som medhjälp, [...] och senare i den texten, "Konverterat gärningsmannaskap kräver ett specialsubjekt som inte själv utfört brottet men brottet kunde inte ha skett utan specialsubjektets medverkan och den hade även ett särskilt ansvar för att brottet inte fick ske, oftast avser detta myndighetspersoner. Om specialsubjektet själv begår brottet handlar det om utvidgat gärningsmannaskap. Medgärningsmannaskap innebär att ingen ensam har begått brottet utan det har möjliggjorts av alla tillsammans men det går inte att reda ut vem som har gjort vad."

Mina handlingar, exempel.

Börja nedifrån i följande länk och läs upp till där 25 February -22 slutar och 15 Feb 2022 börjar, c:a knappt 2/3 ned i sidan. Den biologiska krigföringen finns med t.ex. i det som skrevs den 15 februari 2022. Biovapnet nämns specifikt. Den pågående biologiska krigföringen mot nationernas folk nämns också klart och tydligt i det avsnittet. Bl.a. meningen som börjar "Angående biovapnet administrerat som så kallade vacciner" kan knappast misstolkas. Är folket fienden? Är krig mot folket, mot dig och mig, "deklarerat"? http://blog.lege.net/content/Re_Brev_fran_Hogsta_domstolen_i_O_2431_22

I följande handling påpekas att "i och med att biotech har vapeniserats innebär det, även om staterna ej har tecknat inbördes treaties om att låta bli att vapenisera biotech (det är "vilda västern" inom biotech), att detta är ett sådant brott som tar bort allt rättsligt skydd oavsett myndighetsposition och om polisen och domstolarna skyddar sådan brottslighet och sådana brottslingar då kan militärpolis, militärdomstol/tribunal och krigets lagar tillämpas eftersom det de-facto bedrivs krig mot civilbefolkningen. Som jag avslutade det PS:et, vi kan själva städa upp, om vi gör det välordnat, inifrån. Vi måste alltså inte ockuperas av främmande militär för att städa upp, om vi gör det själva." Den är ställd Att. GD Jonas Bjelfvenstam Generaldirektör, Transportstyrelsen, Mats Hjelmgren, Polismyndigheten. Rekommenderar att där läsa c:a 2/3 ned från "Det kan dessutom nämnas att redan genom den stenhårda propagandan för dödsinjektionerna i strid med befintligt kunskapsläge". Betydligt längre ned, 4 juni 2022 i tråden, finns bl.a. "Myndigheten för psykologiskt försvar kan inget göra mot Pfizers egna interna dokument som enligt domstolsorder har släppts. Eller mot verkligheten allt fler ser, för den delen. Hur illa det är kan du läsa från Naomi Wolf, <https://naomiwolf.substack.com/p/dear-friends-sorry-to-announce-a?s=r>. Det är democide och genocide. Det är så illa att jag inte blir förvånad om myndigheterna själva ordnar inbördeskrig för att försöka slippa undan ansvar. Men vi är många som har väldigt mycket förlåtande åt alla som vänder om från att lyda livsfientliga order och paragrafer. Allt som behövs för att du ska kunna ta emot förlåtande är att du själv har medkänsla inom dig. In the final chapter of a tale where justice triumphs, the steadfast law enforcement officer, dedicated to the principles of integrity and justice, took a decisive stand against the corruption eroding the very heart of their society.

"Mr. Legislator, Mr. Government, Mr. Judge, and Mr. Prosecutor," the officer declared with unwavering resolve, "you are under arrest." Their words echoed not just in the halls of power but in the hearts of the people. These arrests were the culmination of a long struggle against the creation, enactment, and maintenance of laws that betrayed the principles of the rule of law, the revered constitution, and the cherished standards of human rights. The audacity to grant immunity to those who wielded the law unjustly was the final straw.

The officer, a guardian of the legal system's hierarchy of principles, with the constitution and human rights at its zenith, knew their actions represented more than just the letter of the law; they symbolized hope and renewal. The actions of these once-trusted figures had threatened to shatter the rights and liberties of the citizens, a path that led only to despair,

But this was a new dawn. With the arrest of those who had lost their way, the society found its way back to the light. This decisive act reaffirmed a timeless truth: in a just society, no one, regardless of their stature, is beyond the reach of the law. The rule of law, once teetering on the brink of collapse, stood firm once again.

And so, the story ends not with a somber note, but with a resounding message of hope. The legal system, rejuvenated by the courage of the few, promised to uphold the fundamental rights it was designed to protect. The citizens, once dismayed, now celebrated the restoration of justice and the promise of a brighter, fairer future. In the heart of every person, a renewed faith in the power of justice to overcome the greatest of odds was ignited, and the society blossomed under the light of fairness and integrity. A happy ending, indeed, for a tale of unwavering commitment to the principles of justice and law.

Happy 2024

For those who have not figured out Trump's affiliation with Epstein, allow me to explain.

Trump is the one who exposed Epstein in 2008, hence why all of DC fears him. Trump is Epstein's #1 enemy.

Epstein was running a blackmail operation. He was seeking out the most powerful people on Earth, to compromise and control them. He tried to get Trump, but Trump did not bite.

Trump banned Epstein from his properties in 2008, for hitting on the teenage daughter of a club member at Mar-a-Lago. Then a couple months later, Epstein pled guilty to State criminal charges in Florida, for paying for sexual services from a 14 year old girl.

See the timeline? Epstein, tried to get close to Trump to compromise him, Trump found out Epstein was a sicko, then Trump helped turn him in to local police. But eventually the Clinton-controlled FBI intervened, and Epstein was let off the hook.

The Deep State have been coming after Trump ever since. Why? Because if Epstein is exposed, then all of DC goes down due to the blackmail Epstein possessed on the top players in DC. Hence why Clinton barged into Vanity Fair and threatened them not to write stories about Epstein. The Clintons told the MSM to bury the story.

Then when Trump got into office, he dedicated his administration to stopping human-trafficking WORLDWIDE via multiple executive orders, seized Epstein's island, and then arrested Epstein and his accomplices in 2019.

Executive Order 13773 (see attached), is an EO literally dedicated to taking out Epstein's international child sex-trafficking operation. "Transnational Criminal Organizations and Preventing International Trafficking". February 9th, 2017.

HELLOOOOO that's literally Epstein's entire operation. Trump used Executive Power to stop Epstein, only A MONTH into his presidency. It was one of the first things Trump did.

So for those of you that were hoping to see Trump implicated in Epstein's criminality, you will remain disappointed. Because not only is Trump NOT one of Epstein's clients, he is the main individual who exposed the entire thing.

Trump is Epstein's #1 enemy, and you all were brainwashed to hate him for that very reason.

Leftists:

2019- Epstein = conspiracy theory
2020- Epstein = conspiracy theory
2021- Epstein = conspiracy theory
2022- Epstein = conspiracy theory
2023- Epstein = conspiracy theory

2024- Okay maybe it wasn't a conspiracy theory... BUT TRUMP IS DEFINITELY GUILTY!

Det behövs inte mycket för att betraktas som medverkande till brott.

Mina handlingar refererar mycket grova brott mot mänskligheten. Handlingarna har vandrat genom tingsrätt, hovrätt, högsta domstol, polis, kronofogde, transportstyrelse, tillbaka till tingsrätt o.s.v.. Jag har således själv ej hållit tyst om dessa brott. Det finns något som heter Underlåtenhet att avslöja brott och skyddande av brottsling.

Dessutom behövs det inte mycket för att betraktas som medverkande till brott, som det står i kommentarer till <https://lagen.nu/1962:700#K23P4S1>, "Att främja en gärning med råd innebär att någon använder ett psykiskt beteende där personen med verbal uppmuntran eller kroppsspråk visar sig stå vid gärningsmannens sida. [...] Ett nästintill obetydligt bidrag till ett brott räknas som medhjälp, [...]"

Lägger här till, om någon kanske inte tänkte på det: Eftersom hela "myndighetsväsendet" gjort "stand down" inför denna brottslighet, detta democide, så innebär det att de alla där är medskyldiga och militär måste ordna upp. Kanske det är därför alla svenskar i vapenför ålder ska kunna mobiliseras?

🇬🇧🇮🇪🇺🇸🇨🇦🇦🇺🇳🇿🇿🇦 Wow! Those of us who criticise the covid vaccine are all prone to psychosis! 😊

Due to the great attention that the TV profile Lulu Carter has received in Sweden because she told social media that she bitterly regrets taking the covid vaccine, Nyheter24 has written an article where they touch on what Predrag Petrovic - university lecturer, adult psychiatrist and associate professor at Karolinska Institutet - thinks about people who question the covid vaccine. Petrovic has researched how the personality trait of psychosis proneness is related to odd conspiracy theories. His research showed that those who were more prone to psychosis were more likely to embrace conspiracy theories, especially those about the coronavirus pandemic. Delusions were also common.

Predrag Petrovic's opinion certainly leads to interesting consequences:

- 100,000s of inpatient beds need to be opened to accommodate us,
- since psychotic illness requires hospitalisation, and since the majority of us probably do not share the view that we have this chronic condition with a poor prognosis, psychiatrists have to work very hard to write medical certificates for compulsory care and prescribe neuroleptics
- psychiatrists will probably have to make decisions about restraint in the vast majority of cases, as those of us who claim to have this condition will protest against compulsory treatment.
- In short, you could say that we need to create a Swedish Gulag.

Dear Prime Minister Ulf Kristersson, what are you waiting for? You can let go of Joe Biden's and Recep Tayyip Erdoğan's hands for a moment and simply roll up your sleeves and execute perhaps the largest internment of dissidents, sorry, psychotics in world history. Good luck! If you do this, you will get to shake hands with even more powerful people, maybe even Klaus Schwab and Bill Gates! 😊

Pro-Vaxxer Left Speechless as Dr. McCullough Drops the Disturbing Truth About the COVID Shots

BRIAN SHAPIRO: "You are... far less likely to get the effects of having to go into the ICU or possibly dying if you were vaccinated. Am I wrong?"

DR. MCCULLOUGH: "Yeah, you're wrong. And here's the reason why."

- "The prospective, randomized, double-blind, placebo-controlled clinical trials of the vaccines never showed a reduction in severity."
- "They never showed a reduction in hospitalization and death."
- "In a recent paper by Norman Fenton from the UK, he shown that there was tremendous misclassification bias." This misclassification bias led to the false claim that 90% of people dying in the hospital were unvaccinated.
- "In countries that actually did have the vaccine status, like the UK, they found far more vaccinated in the hospital on ventilators and dying than the unvaccinated."
- "With every single injection, one is more and more likely to get COVID-19."
- "Our safety system for vaccines records, on average, 150 deaths in a year on average. The COVID-19 vaccines roll out... 18,655 Americans dying after the vaccine. 1150 die on the same day they take the shot! Some die in the vaccine center. 1200 die the next day."
- 18,655 Americans dying after the vaccine doesn't account for the underreporting factor of 30. "We're looking, as we sit here today, at 550,000 plus Americans who have died after the vaccine. The same pattern is seen worldwide."

Dr. @P_McCulloughMD ended with this statement:

"There are calls to pull these vaccines off the market. They're so grossly unsafe because people die quickly after taking them."

UnHerd's Freddie Sayers:

In the case of science, challenges to the orthodoxy are the be all and end all of science, you need that in order to reach good outcomes. And I'm afraid, the huge failures of the official response to COVID 19, is the perfect demonstration of this.

In fact, in Claire Melford's lecture that she gave at the LSE. One of the examples she hand picked to showcase the good work of the Global Disinformation Index, was a particular example on a Spanish language website from June 2021.

About the Delta variant of "This is a Spanish language site Alerta Digital, talking about COVID-19.

how a third of deaths in the United Kingdom from the Delta variants are amongst those people who are vaccinated, which is clearly untrue. And it's Chipotle who has been caught next to this ad unwittingly, and unfortunately for them has funded this highly dangerous, disinformation about vaccines." "Highly dangerous disinformation about vaccines", is what Claire Melford calls it but a little fact checking, tells a bit of a different story. The statistic being reported in that Spanish language website comes from a June 2021 Public Health England report into COVID variants that in Table six on page 15, sets out the 42 known deaths from the Delta variant that happened in 2021. Between January and June.

Of those it sets out 23 were unvaccinated. 7 were vaccinated with one shot, and 12 were fully vaccinated. In other words, 29% roughly a third, were fully vaccinated and an additional 17% were partially vaccinated.

Making a total by my count of around 45%, who were vaccinated to some degree. So, the headline on the Spanish language website claiming roughly a third was not inaccurate at all, if anything, it underplayed the severity of the story, the only disinformation in that example is in fact GDI's claim that it's untrue, which still stands uncorrected on YouTube.
