Redefining only helps the villains and make it harder to speak and be comprehended. Only bad people gain by this. It is also abuse / gaslighting. &#9643;&#65039; As well as Willfully Overlooking Known Evil.

Stanford University is proposing adding the term “American” to a blacklist with other ‘harmful’ words, reasoning that it is ‘too U.S.-centric’ and not inclusive enough of other countries.

WHAT?! &#128561;&#128563;&#129324;

You just have to laugh at the madness! What a circus! &#129315;&#129315;&#129315;

Force Fed Gender Ideology Is Very Severe Abuse. Now in some countries enforced by uniformed abusers and abusers calling themselves judges, etc. But still abuse & crimes against humanity. It is this kind of insanity that have made the Branch Covidians possible.

"Objecting to pronoun rituals is not mocking gay people or trans people. It is rejecting a regressive ideology that is being force fed across the culture, harming many—most devastatingly kids who can't escape these rituals & accompanying ideology in classrooms." — Maud Maron, 12:42 PM · Dec 12, 2022 UTC

### How bioweapons kill and how to defend oneself

The defense against bioweapons is strengthening the immune systems, not injecting the bioweapons to weaken immune systems.

Replying to @Pho\_Realizzle and @realstewpeters

Americans have been programmed through movies and tv programs that a bioweapon kills or causes immediate injuries. This couldn't be farther from the truth per our department of defense.

to 'vaccinate' residents of select Chinese cities as well as US residents with spike-protein nanoparticle bat-vaccines via aerosol attack, surface transmission, and food and beverage contamination. The purposes of the nanoparticle bat-vaccines are to suppress the human immune system while turning human beings into carriers of lethal diseases.

phenotype mapping, and unique datasets to validate and refine hotspot risk maps of viral emergence. We have shown that dampened innate immunity in bats allows them to carry otherwise lethal viruses, likely as an adaptation to the physiologic stress of flight. We will design strategies like small molecule RIG-like receptor (RLR) or Toll-like receptor (TLR) agonists, to

18 U.S. Code § 241 - Conspiracy against rights

U.S. Code Notes                      prev | next

If two or more persons conspire to injure, oppress, threaten, or intimidate any person in any State, Territory, Commonwealth, Possession, or District in the free exercise or enjoyment of any right or privilege secured to him by the Constitution or laws of the United States, or because of his having so exercised the same; or

If two or more persons go in disguise on the highway, or on the premises of another, with intent to prevent or hinder his free exercise or enjoyment of any right or privilege so secured—

They shall be fined under this title or imprisoned not more than ten years, or both; and if death results from the acts committed in violation of this section or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse or an attempt to commit aggravated sexual abuse, or an attempt to kill, they shall be fined under this title or imprisoned for any term of years or for life, or both, or may be sentenced to death.

Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.

For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.
