All we ask for is maximal Rules of Engagement ⚡️⚡️⚡️

Ivan Raiklin 💎 @IvanRaiklin 3:55 AM · Oct 25, 2023 UTC

Congressman Johnson, I would be honored to retire as Deep State Marauder if you deputized me to enforce every single subpoena prior to my taking on a position as Secretary of Retribution January 20, 2025.

All we ask for is maximal Rules of Engagement and the ability to hire every single service member who withstood the illegal jab mandate, particularly those from tier one special operations units, as they already have swatting and raiding training as well as subject matter expertise after multiple tours of combat over the last few decades, so that spin up time will be very quick.

Standing by, sir.

Wow. I just read Ivan Raiklan's open letter to @RepMikeJohnson. It's a manifesto for justice.

The ALTA data sets, going back to 2003, had the end of the [KM] being after the temporal markers of the 'IDF taking scalps' manifests.

The data had major problems, arrests, including deaths while 'resisting' arrest, of the [KM] people, being reported in the months following the 'IDF scalping children' & 'cutting (body parts) off of Palestinian corpses'.

The data forecast a 'poster child' who is described as 'surviving being scalped'. This, and the upcoming 'Reservists run Amok' incident(s) will set global humanity against Israel, and jews by default. These Temporal Markers were shown as preceding huge, giant boycotts against all things Israeli, and Jews in general.

The data had it being so severe a backlash that corps in USA & western republics set about 'scrubbing' their ties to both Israel & jews. They specifically will be 'divesting' from Israel, & letting their jewish members of board of directors walk away. There were data sets going to corporations having to hire people to do genealogy to prove to customers that they had 'no name stealers' running their company.

The data would have this emerging as part of the 'Splits Happen' period just ahead in Dec/January.

The data had descriptions within the Israeli Mistake set of the IDF Reservists being so 'amok', and 'out of control with blood lust, that many will be charged with insubordination & war crimes by the Israeli govt/[KM] in a desperate attempt to recapture minds for israel. It will be claimed that the 'atrocities against the dead' will be caused by 'drugs', and 'exposure to chemicals/gasses' by the reservists. No one will believe the claims. They won't survive the day that they are launched.

It won't work. The data had the govt of Israel collapsing over this, as well as their military defeat, & the lost lands. The govt will fail & Israel will descend into chaos. It would seem to fit with the language now showing that is describing the 'hypernovelty' that takes over humanity by mid 2024.

The data had the Reservists doing things to the Palestinians that i would not write on this platform. It was so foul, so disgusting, that i made the decision back in 2000s to NOT report it, assuming it to be an aberration within the process.

The data back then had jews & specifically rabbi's killed in countries in Asia & calls for the 'expulsion of the jews' from several countries in the region. Other data had these SE Asian countries refusing to permit any synagogues to be built & taking away legal status from many that exist now. This will arise from the actions of the IDF Reservists over these next couple of months as they 'gleefully (in a party atmosphere) mutilate the corpses of women & children', and are filmed 'taking body part souvenirs'.

It's going to be very very hard on non-israeli, but [KM] controlled jews whose minds are still polluted by the lies about history from the [KM]. These are the 'asleep believers' who are going to get such a rude awakening that the data described this as 'causing suicides'.

The anti-zionist jews globally emerge very much stronger from this period though all humans will be suffering from what will be manifesting.
